€60,000,000,000

EURO MEDIUM TERM NOTE PROGRAMME TO THE SERVICE OF EMPLOYMENT WITH OR WITHOUT THE GUARANTEE OF THE FRENCH STATE

Under the Euro Medium Term Note Programme (the "**Programme**") described in this information memorandum (the "**Information Memorandum**"), Unédic (the "**Issuer**" or "Unédic"), subject to compliance with all relevant laws, regulations and directives, may from time to time issue notes (the "**Notes**"). The Final Terms (as defined in "Terms and Conditions of the Notes", a form of which is included in this Information Memorandum) prepared in respect of any issue of Notes will specify whether or not the Notes will benefit from the guarantee of the French State (the "**Guaranteed Notes**"). The aggregate nominal amount of Notes outstanding shall not at any one time exceed €60,000,000,000 (or its equivalent in other currencies) at any date of issue.

Under certain circumstances, a request for admission of the Notes to trading on Euronext Paris ("**Euronext Paris**") may be presented. Euronext Paris is a regulated market within the meaning of the Directive 2014/65 (as amended) ("**MiFID II**") dated 21 April 2004 (a "**Regulated Market**"). Notes may also be admitted to trading on any other Regulated Market in a Member State of the European Economic Area ("**EEA**"), on any non-regulated market, or may be unlisted. The Final Terms prepared in respect of any issue of Notes will specify whether or not such Notes will be admitted to trading and, if so, on which relevant Regulated Market(s). Notes admitted to trading on a Regulated Market shall have a minimum denomination of at least €100,000 (or its equivalent in other currencies) or such higher amount as may be allowed or required by any relevant monetary authority or any applicable laws or regulations.

This Information Memorandum does not constitute a base prospectus within the meaning of Regulation 2017/1129 of the European Parliament and the Council dated 14 June 2017 on the prospectus to be published when securities are offered to the public or admitted to trading on a regulated market, and repealing Directive 2003/71/EC (the "Prospectus Regulation"), the provisions of which do not apply to the Issuer, and therefore has not been submitted to the clearance procedures of the *Autorité des marchés financiers* (the "AMF"). The Issuer undertakes to update the Information Memorandum on an annual basis.

The Notes will be issued in dematerialised form and may, at the option of the Issuer, be issued in either bearer form (*au porteur*) or in registered form (*au nominatif*) as more fully described in this Information Memorandum. Notes will be in book entry form in compliance with Articles L.211-3 *et seq.* of the French *Code monétaire et financier*. No physical documents evidencing title to the Notes will be issued in respect of the Notes. Notes issued in bearer form (*au porteur*) shall be inscribed as from their issue date in the books of Euroclear France (acting as central depository) which shall credit the accounts of the Account Holders (as defined in "Terms and Conditions of the Notes - Form, Denomination, Title, Redenomination and Consolidation") including Euroclear Bank S.A./N.V., ("**Euroclear**") and Clearstream Banking, *société anonyme* ("**Clearstream, Luxembourg**"). Notes issued in registered form (*au nominatif*) may, at the option of the relevant Noteholder (as defined in "Terms and Conditions of the Notes - Form, Denomination, Title, Redenomination and Consolidation"), either be (a) in fully registered form (*au nominatif pur*), in which case they will be inscribed in an account maintained by the Issuer or a registration agent (designated in the relevant Final Terms) acting on behalf of the Issuer or (b) in administered registered form (*au nominatif administré*) in which case they will be inscribed in the accounts of the Account Holder designated by the relevant Noteholder.

The Issuer is rated Aa2 (stable outlook) by Moody's Investors Service Limited and AA- (stable outlook) by Fitch France S.A.S. As at the date of this Information Memorandum, each of these rating agencies is established in the European Union and is registered under Regulation (EC) No. 1060/2009 of the European Parliament and of the Council of 16 September 2009, as amended (the "**CRA Regulation**") or established in the United Kingdom in accordance with the CRA Regulation as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (the "**UK CRA Regulation**").

Notes issued under the Programme may, or may not, be rated. The rating of Notes (if any) will be specified in the relevant Final Terms. The rating of Notes will not necessarily be the same as the rating assigned to the Issuer, it being understood that a rating does not constitute a recommendation to buy, sell or hold Notes and may be subject to suspension, change, or withdrawal at any time by the assigning rating agency.

This Information Memorandum, any update of this Information Memorandum and the documents incorporated by reference in this Information Memorandum will be available on the Issuer's website (www.unedic.org).

Prospective investors are invited to take into account the risks described in the "Risk Factors" section before deciding to invest in the Notes issued under the Programme.

Each Tranche (as defined in "General Description of the Programme") of Notes will be issued pursuant to the relevant provisions described in the "Terms and Conditions of the Notes" chapter of this Information Memorandum, as supplemented by the provisions of the relevant Final Terms determined by the Issuer and the relevant Dealers (as defined in "General Description of the Programme") at the time of the issue of such Tranche.

Neither this Information Memorandum nor any other information supplied in connection with the Programme is intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by any of the Issuer or the Dealers that any recipient of this Information Memorandum or any other financial statements should purchase the Notes. Each prospective investor of Notes shall determine the relevance of the information contained or incorporated by reference in this Information Memorandum on its own and its purchase of Notes should be based upon such investigation as it deems necessary. Neither any of the Dealers undertake to review the financial or general condition of the Issuer during the life of the arrangements contemplated by this Information Memorandum nor to advise any investor or prospective investor of any information that may come to their attention.

This Information Memorandum may only be used for the purposes for which it has been published.

The Notes and any related guarantee have not been and will not be registered under the United States Securities Act of 1933, as amended (the "Securities Act") or with any securities regulatory authority of any state or other jurisdiction of the United States. Subject to certain exceptions, the Notes may not be offered or sold within the United States. The Notes are being offered and sold outside the United States of America to non-U.S. persons in reliance on Regulation S under the Securities Act ("Regulation S").

This Information Memorandum does not constitute an offer of, nor an invitation by or on behalf of the Issuer or the Dealers to subscribe for, or purchase, any Notes.

The distribution of this Information Memorandum and the offering or sale of Notes may, in certain jurisdictions, be restricted by law. Neither the Issuer nor the Dealers represent that this Information Memorandum will be distributed in compliance with the law, or that the Notes will be offered in compliance with the law, any relevant registration or any requirement of any competent authority or by virtue of any exemption that would be applicable, and shall not be liable for facilitating such distribution or such offer. In particular, neither the Issuer nor the Dealers have taken any action for the Notes to be offered to the public or the distribution of this Information Memorandum on the territory of a competent authority that would require such an action to be taken. As a result, Notes shall not be offered or sold, directly or indirectly, and neither this Information Memorandum nor any offering document shall be distributed or published on the territory of a competent authority, other than compliance with any relevant laws or regulation of such

territory. Persons into whose possession this Information Memorandum comes or that would be interested in subscribing to the Notes are required to inform themselves about and to observe the restriction relating to the distribution of this Information Memorandum and the offer and sale of Notes which are applicable to them. Neither the Dealers nor the Issuer make any representation to a prospective investor of Notes on the legality of its investment pursuant to the laws applicable to such prospective investor. Any prospective investor in the Notes must be capable of bearing the economic risk of its investment in the Notes for an undetermined period of time.

In connection with the issue of any Tranche (as defined in "General Description of the Programme"), the Dealer, if any, named as the stabilising manager in the relevant Final Terms (the "Stabilising Manager") (or persons acting on behalf of any Stabilising Manager(s)) may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, there is no assurance that the Stabilising Manager (or persons acting on behalf of a Stabilising Manager(s)) will undertake such stabilisation actions. Such stabilisation actions may begin on or after the date on which adequate public disclosure of the final terms of the offer of the relevant Tranche is made and, if begun, may be ended at any time, but it must end no later than the earlier of thirty (30) days after the issue date of the relevant Tranche and sixty (60) days after the date of the allotment of the relevant Tranche. Any stabilisation action or over-allotment shall be conducted in accordance with all applicable laws and rules.

NOTICE

The Notes may not be a suitable investment for all investors

Each prospective investor must determine, based on its personal assessment and with the help of any adviser it may find to be appropriate depending on the circumstances, the suitability of an investment in the Notes in light of its own circumstances. In particular, each prospective investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the relevant Notes and the information contained in this Information Memorandum, in any update to this Information Memorandum or in the relevant Final Terms;
- (ii) have access to and know how to use appropriate analytical tools to evaluate, in the context of its own financial position and of its sensitivity to the risk, an investment in the relevant Notes and the impact the relevant Notes may have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all the risks of an investment in the Notes, including where the currency for principal or interest payments is different from the prospective investor's currency;
- (iv) understand thoroughly the terms of the relevant Notes and be familiar with the operation of any relevant indices and financial markets; and
- (v) be able to assess (either alone or with the help of a financial adviser) possible scenarios for the economy, interest rates or any other factor that may affect its investment and its ability to face the risks incurred.

A prospective investor should not invest in Notes unless it has the expertise (either alone or with the help of its advisers) to assess how the Notes will perform under changing conditions, the resulting effects on the value of such Notes and the impact this investment will have on its overall investment portfolio.

Each prospective investor should consult its own legal, tax, accounting and/or financial advisers before investing in the Notes.

Legal restrictions may limit certain investments

Certain prospective investors are subject to laws and regulations relating to investments, or to examinations or regulation by certain regulatory or supervisory authorities. Such prospective investors must consult their legal advisers to determine if and the extent to which (1) the law authorises them to invest in the Notes, (2) the Notes may be used as a security for other types of borrowings, and (3) if other restrictions relating to the Notes are applicable. Financial institutions must consult their legal advisers or the relevant regulatory authorities to determine the treatment applicable to the Notes with respect to balanced equity ratios depending on risks and other similar rules.

The decision to invest in the Notes should depend on the investor's sole judgment

A prospective investor cannot rely on the Issuer, the Dealers or their respective affiliates (nor on their employees, directors, officers or external advisers) for determining the legality of its investment in the Notes, nor for appreciating the risk factors mentioned in this section. The Issuer, the Dealers and their respective affiliates (as well as their employees, directors, officers and external advisers) are not responsible for a prospective investor's compliance with the legislation and regulations applicable to it when investing in the Notes, whether such laws are those of the jurisdiction in which it is registered or, if different, those of the jurisdiction in which it operates its business, nor are they responsible for such prospective investor's compliance with the laws, regulations or recommendations to which the prospective investor must or should comply.

GOVERNANCE OF MIFID II PRODUCTS/TARGET MARKET – The Final Terms of each series of Notes will contain a section entitled "Governance of MiFID II Products" which will set out the assessment of the Notes' target market, by taking into consideration the 5 categories referred to in item 18 of the Orientations published by the European Securities and Markets Authority, and appropriate distribution channels. Any person offering, selling or subsequently recommending the Notes (a "distributor") must take this assessment of the target market into account; however, any distributor subject to Directive 2014/65/EU (as amended, "MiFID II") is required to conduct their own assessment of the target market of the Notes (by adopting or expanding the assessment made of the target market) and determine the appropriate distribution channels.

For each issue it will be determined if, in the interests of the rules of governance of products under Delegated Directive (EU) 2017/593 (the "Rules of Governance for MiFID Products"), any Dealer subscribing for the Notes must be considered as a manufacturer of the said Notes, failing which neither the Arranger, the Dealers nor any of their respective affiliates will be manufacturers within the meaning of the Rules of Governance for MiFID Products.

UK MiFIR product governance / target market – The Final Terms of each series of Notes will contain a section entitled "UK MiFIR product governance " which will set out the assessment of the Notes' target market, by taking into consideration the 5 categories referred to in item 18 of the Orientations published by the European Securities and Market Authority (ESMA) (in accordance with the FCA's policy statement entitled "Brexit our approach to EU non-legislative materials"), and which channels for distribution of the Notes are appropriate. Any person offering, selling or subsequently recommending the Notes (a "distributor") must take this assessment of the target market into account; however, any distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the "UK MiFIR Product Governance Rules") is required to conduct their own assessment of the target market of the Notes (by adopting or expanding the assessment made of the target market) and determine the appropriate distribution channels.

For each issue it will be determined if, for the purpose of the UK MiFIR Product Governance Rules, any Dealer subscribing for the Notes must be considered as a manufacturer of the said Notes, failing which neither the Arranger, the Dealers nor any of their respective affiliates will be manufacturers within the meaning of the UK MiFIR Product Governance Rules.

RISK FACTORS

The Issuer believes that the following factors are relevant for Noteholders to decide whether to invest in the Notes and/or may affect the Issuer's ability to fulfil its obligations towards investors under the Notes. These risks are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

The Issuer believes that the risk factors described below represent, as at the date of this Information Memorandum, the principal risks inherent in investing in Notes issued under the Programme. The list of risk factors set out below is not intended to be exhaustive and investors may be affected by other factors. Other risks and uncertainties which, on the date of this Information Memorandum, are not known to the Issuer, or are considered non-relevant, may have a significant impact on the investment in the Notes. Prospective investors should also read the detailed information set out elsewhere in this Information Memorandum and have their own opinion prior to making any investment decision. Investors should in particular conduct their own assessment of the risks relating to the Notes before making such an investment.

The Issuer considers that the Notes shall only be purchased by investors which are (or are advised by) financial institutions or other professional investors who are in a position to assess the specific risks involved by an investment in the Notes.

Any reference thereunder to a Condition refers to a numbered condition in the "Terms and Conditions of the Notes" section.

1. Risk factors relating to the Issuer and its activities

It should be recalled at the outset that the Issuer, being a non-profit association governed by the non-profit associations Act of 1 July 1901, exhibits numerous specific features that distinguish it from all other associations governed by that Act of 1 July 1901.

This is because the Issuer was instituted at the initiative of the social partners and its affairs are consistently managed on a joint basis. Its activities of managing the unemployment insurance scheme in France (which is compulsory in the sense that all employers in the private sector are required to include their employees in the scheme pursuant to Article L. 5422-13 of the French Code du Travail) make it the cornerstone of the French unemployment insurance system, conferring upon it a role in society which has no equivalent elsewhere in France.

Its method of governance and its usefulness to society intrinsically link the Issuer to the social partners and the government authorities which organise the unemployment insurance scheme in the public interest. At the date of this Information Memorandum, the predominance of the Issuer as an institution in the public employment service has not been called in question by the national actors in employment policy.

Impact of the macroeconomic environment on the Issuer

The Issuer, as manager of the unemployment insurance scheme, is particularly sensitive to national and international macroeconomic trends. The main factors influencing the Issuer's financial position are the growth rate in the French Gross Domestic Product with its knock-on effects on employment among subscribers to the scheme, the employment policies of the Government and of businesses, and the effect of decisions by the social partners on the rules for compensating those seeking work and on contribution rates.

In view of the macroeconomic environment, the Issuer's activity may result in a worsening of its financial position; the fund raising needs being inherent to a negative trend of the context and of the macroeconomic fundamentals.

The scissor effect caused by an increase in number of job seekers (a fall in the number of contributors and an increase in the cost of benefit payments) will negatively impact the Issuer's results; any improvement in the economic situation will result in the opposite scissor effect, contributing to the improvement in the Issuer's financial situation.

The Covid-19 epidemic is an example of the risks relating to the macroeconomic environment which had serious consequences on the Issuer's financial situation in respect of its activity of managing the unemployment insurance system. The impact has been experienced both with respect to the Issuer's revenues (through decreased dynamism in its revenues, or even a decrease in revenues due to a downturn in employment) and expenditures (through a

lesser decrease in expenditures or through an increase in such expenditures due to the risk of a slowdown in the return to employment arising from stay-at-home orders).

This crisis, unprecedented in its scope, had significant financial consequences on the system (see “Recent Developments” section below).

Details about the financial estimates and their evolution are also set out in the “Recent Developments” section below, it being specified that, the Issuer will continue to carry out its forecasting work as part of its role of the manager of the Unemployment Insurance system.

Authorisation of the unemployment insurance agreement may be withdrawn for failure to maintain the financial equilibrium of the unemployment insurance scheme or to protect the rights of job seekers

Articles L. 5422-13 *et seq.* of the French *Code du Travail* lay down the principle of the existence of a compulsory unemployment insurance scheme. The measures implementing these rules which were set by the legislator are enacted by way of agreements concluded by the social partners and, for those measures to be binding and applicable, they must be approved by the Prime Minister¹. This authorisation represents the agreement given by the Prime Minister for the application of the unemployment insurance agreement to all employers and employees in the private sector.

Authorisation may be withdrawn where the stipulations of the agreement or the conditions for its application cease to be in conformity with the legal provisions². The legal provisions in question include in particular those providing for the contribution and benefit rates to be calculated so as to guarantee the financial equilibrium of the unemployment insurance scheme³.

Accordingly, adjustments in the financial situation of the unemployment insurance scheme must be covered by an agreement of all the social partners managing the Issuer, and this agreement is subject to the authorisation of the State. In the event that economic conditions make it impossible to continue ensuring the financial equilibrium of the scheme, the social partners must take all necessary measures to restore that financial equilibrium, particularly by revising the parameters for unemployment compensation (contribution rates, benefit entitlement rules). These decisions are designed to ensure the financial equilibrium of the unemployment insurance scheme during medium-term cycles “accommodating” the economic situation, allowing for the lag between economic developments and their impact on employment.

The Conseil d’Etat took the view that when the Minister with responsibility for Employment regards the financial equilibrium of the unemployment insurance scheme or the protection of the rights of job seekers as not guaranteed by the agreement of the social partners, the State may, by virtue of its powers of appraisal, object in the general interest to the authorisation sought for the unemployment insurance agreement⁴.

In the absence of that authorisation, or in the event of its withdrawal, the French *Code du Travail* provides for the State, under a management agreement, to confer upon any Private bodies that it chooses the management of the unemployment insurance scheme, including the payment of unemployment benefit and the collection of contributions. However, in the absence of such a management agreement, the management of the unemployment insurance scheme is entrusted to a national public corporation of administrative character [quasi-government]⁵.

While a risk therefore exists that the Issuer may have its authorisation withdrawn, so that it no longer has charge of managing the unemployment insurance scheme, undermining the financial equilibrium of the Issuer and, more generally, the French unemployment benefit system, mechanisms exist to forestall such a risk. This is because the Issuer is subject to inspection by the Inspection Générale des Finances (General Finance Inspectorate) and by the Treasury auditors⁶, and is also subject to the supervision of a member of the “corps du contrôle général économique et financier” (general economic and financial inspectorate) who attends the meetings of the Issuer’s Executive Committee and Board of Directors. Government is thus involved in the management decisions made by the Issuer and may object to them and withdraw its authorisation if it takes the view that the Issuer’s management fails to fulfil the statutory obligation to ensure the scheme’s financial equilibrium.

⁵Art. L. 5427-7 *Code du Travail*.

⁶Art. L. 5427-6 *Code du Travail*.

It results from these provisions that the continuity of the unemployment insurance scheme in any event, including notably when the measures provided under the agreement that are necessary to guarantee its equilibrium or return to its equilibrium cannot be taken.

Adoption of the unemployment insurance regulation by decree dated 26 July 2019 (as amended)

An unemployment benefit agreement was agreed on 14 April 2017 by the social partners. This agreement was approved by Order issued by the Minister of Employment, Vocational Training and Social Dialogue dated 4 May 2017, notably pursuant to the provisions of Article L.5422-20 to Article L.5422-23 of the Labour Code. The agreement and its annexes establish the implementation measures of the unemployment benefit scheme with effect from 1 October 2017 for a duration of 3 years, namely until 30 September 2020.

The main changes made to the unemployment benefit scheme by the agreement of 14 April 2017 notably concerned (i) calculation of unemployment benefit, which was based only on the number of days worked, (ii) the modification of the maximum benefit duration for unemployed people aged over 50 (progressive scale from 24 months to 36 months maximum for unemployed people aged over 55), (iii) specific benefit deferral in the event of supra-legal indemnities being paid (which was reduced from 180 to 150 days), (iv) creation of a temporary extraordinary contribution at the rate of 0.05% and exclusively payable by the employer⁷, and (v) elimination of the variations in employers' contributions to the unemployment insurance system for fixed-term contracts.

The social partners not having reached an agreement on a draft reform of the unemployment insurance scheme, it fell to the government to determine the measures for implementing the unemployment insurance system by decree n°2019-797 dated 26 July 2019.

Most of the provisions of the decree of 26 July 2019 came into force as of 1 November 2019 and remained applicable until 1 November 2022. The decree no. 2022-1374 of 29 October 2022 extended the current compensation rules until 31 January 2023. The decree n° 2023-33 dated 26 January 2023, issued pursuant to Law No. 2022-1598 of 21 December 2022 concerning emergency measures relating to the functioning of the labor market, extended the unemployment insurance scheme regulation resulting from the decree of 26 July 2019 until 31 December 2023 and the bonus-malus regulation until 31 August 2024. This decree also introduced a new reform aimed at modulating the duration of benefits of the unemployed, depending on the state of the labor market, as of 1 February 2023.

After various postponements and adjustments due to the Covid-19 epidemic and the decision of the *Conseil d'Etat* of 25 November 2020, the modalities relating to the calculation of the daily reference salary (*salaire journalier de référence*), to the duration of compensation and the determination of compensation deferrals under the unemployment insurance scheme provided for by decree No. 2019-797 of 26 July 2019, as amended, finally came into force starting 1 October 2021 by decree n°2021-1251 of 29 September 2021 published in the JORF on 30 September 2021.

Similarly, the effective date of the provisions relating to the degressivity principle of the allowance and the increase of the minimum employment period necessary to benefit from back-to-work allowance (*aide au retour à l'emploi, or "ARE"*) (to 6 months out of 24 months) provided for by decree No. 2019-797 of 26 July 2019, had been adjusted and postponed to take into account the impact on employment of the crisis due to the Covid-19 epidemic and was to be determined on the basis of economic criteria for a "return to better fortunes", set by decree no. 2021-346 of 30 March 2021, in order to take into account the evolution of the economic and social situation.

The order ("*Arrêté*") of the Minister responsible for employment dated 18 November 2021 noted the fulfilment, on 1 October 2021, of the two better fortunes criteria. The publication of this order therefore led to the reinstatement of the 6-month affiliation condition and the reinstatement of the 6-month period before application of the degressivity, as from 1 December 2021.

It should be noted that by order dated 22 October 2021, the interim relief judge (*juge des référés*) of the *Conseil d'Etat* rejected the requests of certain social partners to obtain the suspension of decree no. 2021-1251 of 29 September 2021, on the grounds that the various arguments presented by the latter were not such as to create a serious doubt as to the legality of the decree. Following this decision, certain social partners lodged an appeal on the merits against the unemployment insurance reform, which was rejected by the *Conseil d'Etat* in its decision dated 15 December 2021.

⁷ The decree of July 26, 2019 then perpetuated this exceptional contribution, initially planned for a maximum period of 3 years (i.e. until 30 September 2020), by increasing the rate of contributions payable by the employer to 4.05%.

Any related decision or regulatory change will lead to an update of this Information Memorandum.

Applicability of Article L. 213-15 of the Monetary and Financial Code

Article L. 213-15 of the Monetary and Financial Code provides in particular that when, as a result of the cumulative losses recognised in the accounting records, the net worth of a non-profit association has fallen by more than half of the amount outstanding at the end of the financial year preceding that of the issue, the general meeting, the Board of Directors for purposes of the Issuer since under the Articles of association that Board exercises the powers and duties usually assigned to the general meetings must meet within four months of the approval of the financial statements recording such losses, for the purpose of deciding whether to continue the association's activity or to dissolve it.

If it is decided not to dissolve, the association is required, no later than the end of the second financial year following the one in which the losses were recognised, to reconstitute its net worth.

In the event of the activity continuing, but without the net worth being reconstituted within the required time limit, or failing any valid decision as to whether the association's activity should be continued, the association is no longer entitled to issue new securities and any holder of securities already issued may apply to the courts for immediate refund of the whole outstanding amount. The court may nevertheless grant the association 6 months in which to remedy the situation; the court may not order immediate reimbursement if, on the date of its ruling on the merits, the situation has been remedied.

The loss of the right to issue new securities and the option offered to any holder to apply to the courts for immediate refund of the whole amount issued is not applicable to the Issuer's issues when such issues benefit from the guarantee of the French State. Pursuant to Article 150 of 2023 budget law no. 2022-1726 of 30 December 2022, the Minister for Economy is expressly authorised to grant the guarantee of the French State to the borrowings subscribed by the Issuer in 2023, in terms of principal and interest, subject to a maximum overall amount of €1 billion in principal. Although it is not automatic, the guarantee of the French State is thus granted to the bond borrowings subscribed by the Issuer, each year, within the framework of the budget law. It results from the preliminary discussions over these legal texts that the members of the *Assemblée Nationale* (French National Assembly) and of the *Sénat* (French Senate) intended by these articles to avoid application of the provisions of the second sentence of Article L. 213-15§6 to any issues that could be made by the Issuer within the limits above mentioned.

The guarantee of the French State was thus granted to the bonds issued in 2023, in a global amount of €1 billion by order of the Minister of the Economy, Finance and Industrial and Digital Sovereignty dated 13 February 2023.

A large proportion of the Issuer's activities is carried out by Pôle emploi and by Urssaf Caisse nationale on behalf of the Issuer

Under the terms of the agreement between the Issuer and Pôle emploi dated 19 December 2008, of the quadripartite agreement executed between the Issuer, Pôle emploi, the AGS (Association for the management of the unemployment insurance scheme of the employees creditors "*Association pour la gestion du régime d'assurance des créanciers des salaires*") and Urssaf Caisse nationale on 17 December 2010 and of the tripartite agreement executed between the Issuer, Pôle emploi and Caisse centrale de mutualité sociale Agricole (CCMSA), Pôle emploi, Urssaf Caisse nationale and CCMSA perform a number of missions on the Issuer's behalf, which actually constitute the Issuer's operational activities. It should be pointed out that Pôle emploi is a public body created on 19 December 2008.

Pôle emploi and Urssaf Caisse nationale (for the majority of employees via the urssaf network) collect the contributions payable under the unemployment insurance scheme and the contributions payable under the scheme for guaranteeing amounts payable to employees, as well as paying unemployment benefit to jobseekers. CCMSA collects the contributions payable under the unemployment insurance scheme and the contributions payable under the scheme for guaranteeing amounts payable to employees by the employers of the agricultural sector. Accordingly, investors' attention is drawn to the fact that these Issuer's operational activities are performed by third parties which the Issuer's main role consists of prescribing. The Issuer has nevertheless created structures to control such operational risks, enabling it within the framework of negotiated agreements, to carry out the necessary controls to check compliance with the rules it prescribes, with respect to unemployment benefit payments and to the rates and bases of unemployment insurance contributions.

Accounting principles, rules and methods of the Issuer

The annual financial statements of the Issuer (consisting of the balance sheet, income statements and notes) are prepared in accordance with the chart of accounts for the unemployment insurance scheme approved by the Conseil National de la Comptabilité on 9 January 1995 (declaration of conformity no. 79). They take into account the specific aspects of the declarative nature of unemployment insurance. Unemployment insurance is a specific pay-as-you-go scheme.

The Issuer "consolidates" all of the accounts of the unemployment insurance institutions. In a strictly legal sense, "consolidates" equates to a "combination" of accounts in accordance with regulation no. 99-02 of the Conseil National de la Comptabilité. The accounting principles, rules and methods of the Issuer are set out in more detail in its financial report (see section entitled "Documents incorporated by reference").

The financial assessment of the Issuer by investors must take this specific form of accounting into consideration.

Liquidity risk

The liquidity risk vis-à-vis the Issuer would arise should the latter not have adequate funds to honour its commitments. Subject to the other information set out in this Information Memorandum, liquidity risk is permanently hedged by proactive management of liquidities and access to diversified sources of financing, both in the long term (EMTN programme totalling 60 billion euros) and in the short term (medium-term note programme totalling 10 billion euros and short-term note programme totalling 18 billion euros).

Exchange rate risks

The Issuer maintains a sound policy with respect to the management of the interest rate risk and the exchange rate risk. The Issuer has concluded or will conclude euro currency swap agreements in the case of an issue of Notes in foreign currencies. See the paragraphs entitled "Risks related to fluctuations in interest rates and inflation" and "Exchange rate and exchange control risks" from the section below entitled "Risk factors relating to the notes and to the market".

2. Risk factors relating to the Notes and to the market

The following paragraphs describe the principal risks factors that the Issuer believes are material with respect to the Notes in order to assess the risks associated with these Notes. Prospective investors should consult their own financial and legal advisers about risks associated with investments in a specific Series of Notes and the suitability of such investment in light of their particular circumstances.

Prescription of the Guarantee

The limitation period applicable to the guarantee of the French State is different from the one applicable to the Notes.

Pursuant to Article 1 of law no. 68-1250 dated 31 December 1968 on prescription periods including those relating to claims on the French State, any demand for payment by the French State, and therefore including demands for payments pursuant to the Guarantee, is extinguished following a period of four (4) years as from the 1st of January in the year following the date on which the guaranteed amounts become due. No claim for payment in respect of the Guarantee instituted after that date could be honoured. Pursuant to French law as at the date hereof, the State's assets cannot be seized and cannot be the subject of private law enforcement proceedings in France. Consequently, should the Issuer default, Noteholders may not instigate any private-law enforcement proceedings or any seizure proceedings in France against the assets or property of the State.

Claims against the Issuer for payment in respect of the Notes shall be prescribed and become void unless made within ten (10) years (in the case of principal) or five (5) years (in the case of interest) from their respective due date.

The debt securities market can be volatile and negatively impacted by many events

The market for debt securities is influenced by economic and market conditions and, to varying degrees, by interest, exchange and inflation rates in other European and industrialized countries. There can be no guarantee that events in France, Europe or elsewhere will not create market volatility or that such volatility will not negatively impact the market value of the Notes or that economic and market conditions will not have some other negative effect.

An active market for the Notes may not develop or continue

There can be no guarantee that an active market for the Notes will develop or, if one does, that it will continue. If an active market for the Notes does not develop or does not continue, the market price and liquidity of the Notes may be negatively affected. As a result, investors might not be able to easily sell their Notes or to sell them at a price that would offer a yield on similar products for which an active market would have developed.

The Issuer has the right to purchase Notes pursuant to the terms defined in Condition 7(e) and the Issuer may issue new Notes, pursuant to the terms defined in Condition 13. Such transactions may affect the course of the price of the Notes, either positively or negatively. The introduction of additional or competing products on the markets could negatively affect the value of the Notes.

The Notes may be redeemed prior to maturity

If at the time of repayment of principal or interest, the Issuer is obligated to pay additional amounts pursuant to Condition 9(b), it may then, pursuant to Article 7(d), redeem all the Notes at the Early Redemption Amount together with, unless otherwise specified in the relevant Final Terms, any interest accrued to the date established for redemption. The terms and conditions of redemption for tax reasons are specified in Article 7 (d) (ii) and in Article 9 (b).

Any early redemption option for the benefit of the Issuer, provided in the Final Terms for a given Issue of Notes may result, for the Noteholders, in a yield that is considerably lower than anticipated.

The Final Terms for a given Tranche may provide an early redemption option for the benefit of the Issuer. As a result, the yield at the time of redemption may be lower than anticipated by Noteholders and the value of the amount of the Notes redeemed may be lower than the Noteholder's purchase price. As a result, part of the Noteholders' capital invested could be lost which means Noteholders might not receive the full amount of the capital invested if they had paid a purchase price greater than par. Furthermore, in case of early redemption, Noteholders who choose to reinvest the funds they receive might only be able to reinvest in financial instruments with yields below those of the redeemed Notes.

Early partial redemption by the Issuer or Noteholders may affect the liquidity of the Notes of a given Series for which the option has not been exercised.

Risks related to fluctuation in interest rates and inflation

It cannot be guaranteed that the market value of Fixed Rate Notes will not be adversely affected by future fluctuations on the interest rate market or by inflation.

Exchange rate and exchange control risks

The Issuer will pay principal and interest on the Notes in the currency specified in the relevant Final Terms (the "**Specified Currency**"). This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These risks notably consist in exchange rates significantly changing (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and in authorities with jurisdiction over the Investor's Currency imposing or modifying exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes in the Investor's Currency, (2) the Investor's Currency-equivalent value of the principal payable on the Notes and (3) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities having jurisdiction on the Specified Currency or the Investor's Currency may impose (as some have done in the past) exchange control measures that could adversely affect exchange rates. As a result, investors may receive lower interest or principal amounts than anticipated, or even no interest or principal at all.

Credit risks of the Issuer

Potential investors are exposed to the credit risk of the issuer. Credit risk shall be taken to mean the risk of the Issuer being unable to meet its financial obligations under the Notes, giving rise to a partial or full loss by the investor. However, such risks should be viewed within the context of the status of the Issuer.

Risk relating to credit ratings

Independent credit rating agencies may assign credit ratings to the Notes issued under the Programme in addition to the credit ratings that may be assigned to the Issuer itself. Such ratings do not necessarily reflect the potential impact of the risk factors described in this section, and other risk factors that may affect the value of the Notes issued under the Programme. A credit rating does not constitute a recommendation to buy, sell or hold Notes and may be revised, suspended, modified or withdrawn by the rating agency at any time.

Modification of the Terms and Conditions of the Notes

The Noteholders will be grouped automatically for the defence of their common interests, for each Tranche of the same Serie, in a Masse, as defined in Condition 12 of the Terms and Conditions of the Notes "Representation of the Noteholders", and a general meeting of Noteholders can be held. The terms and conditions of representation of the Noteholders permit in certain cases to bind all Noteholders who did not attend the relevant general meeting or who voted in a manner contrary to the majority by the vote of Noteholders who did attend the relevant general meeting or had been represented.

The general meeting of Noteholders may, deliberate on any proposal relating to the modification of the Terms and Conditions of the Notes, notably on any proposal, whether for arbitration or settlement, relating to rights in controversy or which were subject of judicial decisions.

Tax on financial transactions

On 14 February 2013, the European Commission proposed a draft directive (the "**Draft Directive**") implementing enhanced cooperation in relation to the tax on financial transactions which, if adopted, could impose a tax on the financial transactions related to the Notes (the "**FTT**").

If the Draft Directive is adopted as it currently stands and is transposed into the relevant national laws, holders of the Notes may be exposed to an increase in transaction costs in respect of financial transactions concerning the Notes and the liquidity of the Notes may be diminished. It was initially planned that the Draft Directive come into force in eleven (11) countries of the European Union (Austria, Belgium, Estonia, France, Germany, Greece, Italy, Portugal, Slovakia, Slovenia and Spain) (the "**Participating Member States**", and each of them a "**Participating Member State**"). In March 2016, Estonia officially gave notice that it would no longer be a Participating Member State.

Under the Draft Directive, the FTT would apply to all financial transactions where at least one party to the transaction or person acting on behalf of a party to the transaction is established or deemed to be established in a Participating Member State. However, the FTT should notably not apply to the primary market transactions referred to in Article 5(c) of Regulation (EC) 1287/2006 of the Commission of 10 August 2006, including activities relating to the subscription for and allocation of financial instruments in the context of their issuance. The FTT would be payable by each financial institution established or deemed to be established in a Participating Member State if it is a party to a transaction or is acting for the account of a party to the transaction or if the transaction was carried out for its own account. In addition, the FTT could affect the value of the Notes.

If the Draft Directive should be adopted as it currently stands and is transposed into the relevant national laws, holders of the Notes may be exposed to an increase in transaction costs in respect of financial transactions concerning the Notes and the liquidity of the Notes may be diminished. person considering investing in the Notes is invited to consult its own tax advisor with respect to the FTT.

Tax matters

Potential purchasers and sellers of the Notes should be aware that they may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the country where the Notes are transferred or other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for financial instruments such as the Notes.

Potential investors are advised to not rely upon the tax overview contained in this Information Memorandum and/or in the Final Terms but to ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, remuneration, sale and redemption of the Notes. Only these advisors are in a position to duly consider the specific situation of the potential investor.

Change in legislation

The Terms and Conditions of the Notes and the provisions relating to the Guarantee are governed by French law as at the date of this Information Memorandum. No representation is made as to the impact of a judicial or administrative court decision or a change in French laws or regulations (or the manner in which they are construed by competent authorities) as of any later date.

Risks relating to social bond issues

The net proceeds of each issue of Notes will be allocated by the Issuer to the financing or refinancing, in whole or in part, of eligible social expenditures as specified in the relevant Final Terms in accordance with the social bond framework governing the issuance of Unédic's social bonds (as modified from time to time) (the "**Social Bond Framework**") published in a dedicated section of the Issuer's website in accordance with the Social Bond Principles published by the International Capital Markets Association ("**ICMA**"). In addition to eligibility criteria, the above-mentioned Social Bond Framework describes the proceeds management arrangements, reporting and external review arrangements (notably the issuance of a Second Party Opinion and external verification) applicable to the Issuer's social bond issuances. More information, notably on the use of the net proceeds from the issuance, will be provided in the relevant Final Terms.

Potential investors must take into account the information set out in the relevant Final Terms as regards the use of the proceeds of each issuance of Notes and must determine themselves whether the information is relevant to an investment in the Notes and whether it is necessary to conduct any investigation they deem necessary. Neither the Issuer nor the Dealers warrant that the use of the proceeds to finance one or more eligible projects will respond, in whole or in part, to the expectations or current or future requirements of investors resulting from investment criteria or directives with which such investors are required to comply, whether under current or future applicable law or regulations, any other applicable rule or any portfolio management mandate. Neither the Issuer nor the Dealers warrant that the project(s) in question will have the expected social impact, whether directly or indirectly. In addition, it should be noted that there currently is no definition (legal, regulatory or otherwise) of, nor market consensus with respect to what constitutes a "social" project or any other project carrying an equivalent label. Finally, the requirements under such a label may change and, consequently, investors may not be guaranteed that a project or the use or the various uses made of such a project or that relate to such project will respond to their expectations regarding "social" objectives or any other objective bearing an equivalent label.

No undertaking or representation is given with respect to the relevance or the reliability, for any purpose whatsoever, of an expert opinion, a second party opinion or an extra-financial rating of the Notes (whether solicited by the Issuer or otherwise) which may be delivered in the framework of an issuance of the Notes to satisfy social or other objectives. As of the date hereof, the authors of such opinions, certificates and ratings are not subject to any regulatory regime or other type or regime or any particular supervision. Such opinions, certificates or ratings do not constitute, and must not be considered as being, a recommendation by the Issuer or any other person to subscribe for, purchase, sell or hold the Notes.

Although the Issuer intends to allocate the proceeds from each issuance of Notes to one or more determined projects as described in the relevant Final Terms, nothing guarantees that the relevant project or the use or uses of such proceeds or that relate to such proceeds may actually be carried out in such way and/or according to a defined timeline, and that, consequently, such proceeds will be totally or partially disbursed for such project. In addition, nothing guarantees that such project will be completed or realised within a given period or that it will be completed or realised in accordance with the results originally expected or anticipated by the Issuer. Such an event or default by the Issuer will not constitute an Early Redemption Event.

Such an event or failure to allocate the proceeds from an issuance of Notes to an above-mentioned project, the withdrawal of an opinion, certificate or rating, or the delivery of any opinion or certificate by which it is determined that the Issuer does not comply with the subject matter of such opinion or certificate could have a material adverse effect on the value and marketability of the Notes or lead to unfavourable consequences for certain portfolio managers which have received an order to invest in securities that have a specific purpose. For all practical purposes, however, it is specified that payments of principal and interest due under the Notes must not depend on the effectiveness of the relevant project.

No Dealer warrants that the Notes meet any social or sustainability criteria required by potential investors or contemplated by the Social Bond Principles or the guidelines that apply to social bonds published by the ICMA. The Dealers have neither the mission nor the responsibility of evaluating the eligibility criteria, verifying that the Notes comply with the ICMA's eligibility criteria, principles or guidelines or monitoring the use made of the proceeds of the issuance. In this regard, investors are invited to consult the Issuer's website or to consult their own advisor.

UPDATE OF THE INFORMATION MEMORANDUM

In connection with Notes admitted to trading on a regulated market, any significant new factor or any mistake or inaccuracy relating to information included in this Information Memorandum, which could have a significant influence on the assessment of the Notes and occurs or is observed after the date of this Information Memorandum and before the beginning of the trading of the Notes on such regulated market will be the subject of an update to the Information Memorandum.

Any update of this Information Memorandum will be published on the Issuer's website (www.unedic.org) and will be available for review, without charge, during normal business hours any weekday (Saturdays, Sundays and public holidays excepted) at the registered office of the Fiscal Agent or Paying Agent, where copies may be obtained.

TERMS AND CONDITIONS OF THE NOTES

The following sets forth the basic terms and conditions of the Notes that, subject to later completion or amendment and as supplemented by the provisions of the relevant Final Terms, shall be applicable to the Notes (the "**Terms and Conditions**"). All capitalised terms that are not defined in these Terms and Conditions will have the meanings given to them in the relevant Final Terms of a given Tranche. References below to "**Conditions**" are, unless the context requires otherwise, to the numbered paragraphs below. References in the Terms and Conditions to "**Notes**" are to the Notes of one Series only, not to all Notes that may be issued under the Programme. References to "**Guaranteed Notes**" in the Terms and Conditions refer to the Notes benefiting from the guarantee of the French State.

The Notes are issued by Unédic (the "**Issuer**" or "**Unédic**") in series (each a "**Series**"), each Series including one or more tranches (each a "**Tranche**") with different issue dates. The specific terms of each Tranche (including the aggregate nominal amount, issue price, redemption price, and interest payable) will be determined by the Issuer and the relevant Dealer(s) and will be specified in the final terms of such Tranche (the "**Final Terms**").

The Notes are issued with the benefit of an agency agreement dated 10 August 2023 (as amended, the "**Agency Agreement**") and entered into between the Issuer and BNP Paribas as fiscal agent and principal paying agent. The fiscal agent, the paying agent and the calculation agent (if any) are referred to below respectively as the "**Fiscal Agent**", the "**Paying Agent**" (which expression shall include the Fiscal Agent) and the "**Calculation Agent**".

For the purposes of these Terms and Conditions, "**Regulated Market**" means any regulated market located in a member state of the European Economic Area ("**EEA**"), as defined in the Directive 2014/65 as amended ("**MiFID II**").

1. Form, denomination, title, redenomination and consolidation

(a) Form

Notes will be issued in dematerialised form. Title to the Notes will be evidenced in accordance with Articles L.211-3 *et seq.* of the French *Code monétaire et financier* by book entries (*inscriptions en compte*). No physical document evidencing title to the Notes (including *certificats représentatifs* pursuant to Article R.211-7 of the French *Code monétaire et financier*) will be issued in respect of the Notes.

Notes will be issued, at the option of the Issuer, as described in the relevant Final Terms, in either bearer form (*au porteur*), which will be inscribed in the books of Euroclear France ("**Euroclear France**") (acting as central depository) which shall credit the accounts of the Account Holders, or in registered form (*au nominatif*) and, in such latter case, at the option of the relevant Noteholder in either administered registered form (*au nominatif administré*), inscribed in the books of an Account Holder designated by the relevant Noteholder, or in fully registered form (*au nominatif pur*) inscribed in an account maintained by the Issuer or a registration agent (designated in the relevant Final Terms) acting on behalf of the Issuer (the "**Registration Agent**").

For the purpose of these Terms and Conditions, "**Account Holder**" means any intermediary institution entitled to hold securities accounts, directly or indirectly, with Euroclear France, and includes Euroclear Bank S.A./N.V. ("**Euroclear**") and Clearstream Banking, *société anonyme* ("**Clearstream, Luxembourg**").

The Notes are "Fixed Rate Notes".

(b) Denomination

Notes from a Series shall be issued in the denomination specified in the relevant Final Terms (the "**Denomination**"), it being understood that there can only be one Denomination per Series. Notes admitted to trading on a Regulated Market shall have a minimum denomination of at least €100,000 (or its equivalent in any other currency), or such higher amount as may be allowed or required by any relevant competent

authority or any applicable laws or regulations applicable to the Specified Currency.

(c) Title

Title to the Notes in bearer form (*au porteur*) and in administered registered form (*au nominatif administré*) shall pass upon registration of the transfer of the Notes in the accounts of the Account Holders. Title to Notes in fully registered form (*au nominatif pur*) shall only pass upon registration of the transfer of the Notes in the accounts maintained by the Issuer or by the Registration Agent.

Except as ordered by a judicial or administrative court decision or as required by applicable laws or regulations, the Noteholder (as defined below), shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of ownership, or any interest in it, and no person shall be liable for so treating the Noteholder.

In these Terms and Conditions, "**Noteholder**" means the individual or entity whose name appears in the account of the relevant Account Holder, the Issuer or the Registration Agent (as the case may be) as being entitled to such Notes.

(d) Redenomination

The Issuer may (if so specified in the relevant Final Terms), on any date, without the consent of the holder of any Note by giving at least thirty (30) calendar days' notice in accordance with Condition 14 and on or after the date on which the European Member State in whose national currency the Notes are denominated has become a participating Member State in the single currency of the European Economic and Monetary Union (as provided in the Treaty establishing the European Community (the "**EC**"), as amended from time to time (the "**Treaty**")) or events have occurred which have substantially the same effects (in either case, "**EMU**"), redenominate all (but not some only) of the Notes of any Series into Euros and convert the aggregate nominal amount and the Denomination set out in the relevant Final Terms accordingly as more fully described in the relevant Final Terms.

(e) Consolidation

Unless otherwise provided in the relevant Final Terms, the Issuer, with the prior approval of the Fiscal Agent (which shall not be unreasonably withheld), may from time to time on any Interest Payment Date occurring on or after the redenomination date on giving not less than thirty (30) calendar days' prior notice to the Noteholders in accordance with Condition 14, without the consent of the Noteholders or Couponholders, consolidate the Notes of one Series denominated in Euro with the Notes of one or more other Series issued by it, whether or not originally issued in one of the European national currencies or in Euro, provided such other Notes have been redenominated in Euro (if not originally denominated in Euro) and which otherwise have, in respect of all periods subsequent to such consolidation, the same terms and conditions as the Notes.

2. Conversions and exchanges of Notes

Notes issued in bearer form (*au porteur*) may not be converted for Notes in registered form (*au nominatif*), whether in fully registered form (*au nominatif pur*) or in administered registered form (*au nominatif administré*).

Similarly, Notes issued in registered form (*au nominatif*) may not be converted for Notes in bearer form (*au porteur*).

Notes issued in fully registered form (*au nominatif pur*) may, at the option of the relevant Noteholder, be converted into Notes in administered registered form (*au nominatif administré*), and *vice versa*. The exercise of any such option by such Noteholder shall be made in accordance with Article R.211-4 of the French *Code monétaire et financier*. Any such conversion shall be effected at the cost of such Noteholder.

3. Status

The Notes constitute direct, unconditional, unsubordinated and (subject to Condition 4 below) unsecured obligations of the Issuer and rank and will rank *pari passu* without any preference among themselves and (subject to such exceptions as are from time to time mandatory under French law) equally and rateably with all other present or future unsecured and unsubordinated debt of the Issuer.

4. Negative pledge

The Issuer represents, until all the Notes have been redeemed, that he will not grant or permit to subsist any security interest (*sûreté réelle*) (which includes any mortgage, pledge, charge, lien or other interest) upon all or part of its assets and revenues, present or future, to secure indebtedness of, or guaranteed by, the Issuer, and represented by bonds, commercial paper, other securities or other financial instruments within the meaning of Article L.211-1 of the French *Code monétaire et financier*, whether listed or not, unless the Notes are equally and rateably secured therewith.

5. Guarantee

Under Article 150 of the 2023 budget law (law no. 2022-1726, dated 30 December 2022), the borrowings subscribed by the Issuer in 2023 may benefit from the guarantee of the French State in principal and interest, up to a maximum overall amount of € 1 billion euros in principal.

The Final Terms prepared in respect of any issue of Notes will specify whether or not the Notes will benefit from the guarantee of the French State (the "**Guarantee**"), pursuant to an Order ("*Arrêté*") of the Minister for the Economy, Finance and Industrial and Digital Sovereignty, adopted pursuant to Article 150 of the above-mentioned law, under the terms described in "Description of the Guarantee" and in the relevant Final Terms.

The State's Guarantee was therefore granted to bonds of the Issuer issued in 2023 in the amount of 1 billion euros, by order of the Minister of the Economy, Finance and Industrial and Digital Sovereignty dated 13 February 2023.

The commitments of the French State under the Guarantee will rank *pari passu* with present, future, direct, unconditional, unsubordinated and unsecured obligations of the French State.

Pursuant to Article 1 of law no. 68-1250 dated 31 December 1968 on prescription periods including those relating to claims on the French State, any demand for payment by the French State, and therefore including demands for payments pursuant to the Guarantee, is extinguished following a period of four (4) years as from the 1st of January in the year following the date on which the guaranteed amounts become due. Under French law at the date of this Information Memorandum, the French State's assets cannot be subject to execution or other enforcement proceedings of private law in France.

31st day of a month but the first day of the Calculation Period is a day other than the 30th or 31st day of a month, in which case the month that includes that last day shall not be considered to be shortened to a 30-day month, or (b) the last day of the Calculation Period is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a 30-day month));

- (vii) if "**30/360-FBF**" or "**Actual 30A/360 (American Bond Basis)**" is specified in the relevant Final Terms, in respect of each Calculation Period, the fraction whose denominator is 360 and whose numerator is the number of days calculated as for 30E/360-FBF, subject to the following exception:

where the last day of the Calculation Period is the 31st and the first day is neither the 30th nor the 31st, the last month of the Calculation Period shall be deemed to be a month of thirty-one (31) days,

the fraction is:

If $dd2 = 31$ and $dd1 \neq (30,31)$

then:

$$\frac{1}{360} \times [(yy2 - yy1) \times 360 + (mm2 - mm1) \times 30 + (dd2 - dd1)]$$

or

$$\frac{1}{360} \times [(yy2 - yy1) \times 360 + (mm2 - mm1) \times 30 + \text{Min}(dd2, 30) - \text{Min}(dd1, 30)];$$

- (ix) if "**30E/360-FBF**" is specified in the relevant Final Terms, in respect of each Calculation Period, the fraction whose denominator is 360 and whose numerator is the number of days elapsed during such period, calculated on the basis of a year comprising twelve (12) months of thirty (30) days, subject to the following the exception:

if the last day of the Calculation Period is the last day of the month of February, the number of days elapsed during such month shall be the actual number of days,

using the same abbreviations as for 30/360-FBF, the fraction is:

$$\frac{1}{360} \times [(yy2 - yy1) \times 360 + (mm2 - mm1) \times 30 + \text{Min}(dd2, 30) - \text{Min}(dd1, 30)].$$

(b) Interest on Fixed Rate Notes

Each Fixed Rate Note bears interest calculated on its outstanding nominal amount from the Interest Commencement Date at the rate *per annum* (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date, except as otherwise provided in the relevant Final Terms.

If a fixed amount of interest ("**Fixed Coupon Amount**") or a broken amount of interest ("**Broken Amount**") is specified in the relevant Final Terms, the amount of interest payable on each Interest Payment Date will amount to the Fixed Coupon Amount or, if applicable, the Broken Amount so specified and in the case of the Broken Amount will be payable on the particular Interest Payment Date(s) specified in the relevant Final Terms.

(c) Accrual of interest

Interest shall cease to accrue on each Note on the due date for redemption, unless on such due date payment is improperly withheld or refused, in which event interest shall continue to accrue (as well after as before a potential court decision) at the Rate of Interest in the manner provided in this Condition to the Relevant Date.

(d) Rates of Interest, Maximum/Minimum Redemption Amounts and Rounding:

(i) Maximum/Minimum Redemption Amounts

upon receipt of such information and, if the Notes are admitted to trading on a Regulated Market and the rules of such Regulated Market so require, such Regulated Market as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such Regulated Market of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

(g) Calculation Agent

The Issuer shall procure that there shall at all times be one or more Calculation Agents if provision is made for them in the relevant Final Terms and for so long as any Note is outstanding. Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Period or Interest Accrual Period or to calculate any Interest Amount, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall appoint a leading bank or investment banking firm engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal Paris office, as appropriate, or any other office actively involved in such market) to act as such in its place. 7. Redemption, purchase and options

(a) Final redemption

Unless previously redeemed, purchased and cancelled as provided below, each Note shall be finally redeemed on the Maturity Date specified in the relevant Final Terms at its Final Redemption Amount (which, unless otherwise provided, is its nominal amount).

(b) Redemption at the option of the Issuer, Exercise of Issuer's Options and Partial Redemption

If a Call Option at the option of the Issuer is specified in the relevant Final Terms, the Issuer may, subject to compliance with all relevant laws, regulations and directives and on giving to the Noteholders not less than fifteen (15) nor more than thirty (30) calendar days' irrevocable notice in accordance with Condition 14 (or such other notice period as may be specified in the relevant Final Terms) redeem or exercise any Issuer's option in relation to all or, if so provided, some of the Notes on any Optional Redemption Date or Option Exercise Date, as the case may be. Any such redemption of Notes shall be at their Optional Redemption Amount together with interest accrued to the date fixed for redemption, if any, in accordance with the relevant Final Terms. Any partial redemption or exercise will relate to Notes of a nominal amount at least equal to the Minimum Redemption Amount to be redeemed as specified in the relevant Final Terms and no greater than the Maximum Redemption Amount to be redeemed as specified in the relevant Final Terms.

All Notes in respect of which any such notice is given shall be redeemed, or the Issuer's option shall be exercised, on the date specified in such notice in accordance with this Condition.

The Redemption Option of the Issuer, may be effected either (i) by reducing the nominal amount of the Notes in a Series in proportion to the aggregate nominal amount redeemed or (ii) by redeeming in full some only of the Notes and, in such latter case, the choice between those Notes that will be fully redeemed and those that will not be made in accordance with Article R.213-16 of the French *Code monétaire et financier* and the provisions of the relevant Final Terms, subject to compliance with any other applicable laws and relevant Regulated Market requirements.

(c) Early redemption

The Early Redemption Amount payable in respect of any Note, upon redemption of such Note pursuant to Condition 7(d) or 7(g) or upon it becoming due and payable as provided in Condition 10 shall be the Final Redemption Amount together with interest accrued to the date fixed for redemption unless otherwise specified in the relevant Final Terms.

(d) Redemption for taxation reasons

- (i) If, by reason of any change in French law or regulation, or any change in the official application or interpretation of such law or regulation by French competent authorities, becoming effective after the Issue Date, the Issuer would on the occasion of the next payment of principal or interest due in respect of the Notes, not be able to make such payment without having to pay additional amounts as specified under Condition 9(b) below, the Issuer may, at its option, on any Interest Payment Date or, if so specified in the relevant Final Terms, at any time, subject to having given not more than sixty (60) nor less than thirty (30) days' notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 14, redeem all, but not some only, of the Notes at their Early Redemption Amount together with, unless otherwise specified in the relevant Final Terms, any interest accrued to the date set for redemption provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable date on which the Issuer could make payment of principal and interest without withholding for French taxes.
- (ii) If the Issuer would, on the next payment of principal or interest in respect of the Notes, be prevented by French law from making payment to the Noteholders of the full amounts then due and payable, notwithstanding the undertaking to pay additional amounts contained in Condition 9(b) below, then the Issuer shall forthwith give notice of such fact to the Fiscal Agent. The Issuer shall upon giving not less than seven (7) days' prior notice to the Noteholders in accordance with Condition 14, redeem all, but not some only, of the Notes then outstanding at their Early Redemption Amount together with, unless otherwise specified in the Final Terms, any interest accrued to the date set for redemption on (A) the latest practicable Interest Payment Date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes, provided that if such notice would expire after such Interest Payment Date, the date for redemption pursuant to such notice of Noteholders be the later of (i) the latest practicable date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes and (ii) fourteen (14) days after giving notice to the Fiscal Agent as aforesaid or (B) if so specified in the relevant Final Terms, at any time, provided that the due date for redemption of which notice hereunder shall be given shall be the latest practicable date at which the Issuer could make payment of the full amount payable in respect of the Notes or, if that date is passed, as soon as practicable thereafter.

(e) Purchases

The Issuer shall have the right at all times to purchase Notes in the open market or otherwise (including by tender offer) at any price, subject to the applicable laws and regulations.

All the Notes purchased by or on behalf of the Issuer may at its sole option, be held in accordance with applicable laws and regulations for the purpose of enhancing the liquidity of the Notes, or cancelled in accordance with Condition 7(f), unless otherwise specified in the relevant Final Terms.

(f) Cancellation

The Notes purchased by the Issuer for cancellation will be cancelled by transfer to an account in accordance with the rules and procedures of Euroclear France. If so transferred or surrendered, the relevant Notes shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with all rights relating to payment of interest and other amounts relating to such Notes). Any Notes so cancelled or, where applicable, transferred and surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

(g) Illegality

If, by reason of any coming into effect of a new law or regulation in France, a change in French law or any mandatory French provision, or any change in the official judicial or administrative application or interpretation of such law by any competent authority, becoming effective after the Issue Date, it would become unlawful for the Issuer to perform or comply with its obligations under the Notes, the Issuer will redeem all, but not some only, of the Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption in a notice to Noteholders, which shall be published in accordance with Condition 14 not more than forty-five (45) nor less than thirty (30) calendar days' prior to such payment (which notice shall be irrevocable).

8. Payments

(a) Method of Payment

Any Payment of principal and interest in respect of Notes shall (i) in the case of Notes in bearer form (*au porteur*) or administered registered form (*au nominatif administré*), be made by transfer to the account denominated in the Specified Currency of the relevant Account Holders for the benefit of the Noteholders and, (ii) in the case of Notes in fully registered form (*au nominatif pur*), to an account denominated in the Specified Currency with a Bank (as defined below) designated by the relevant Noteholder. All payments validly made to such Account Holders or Bank will be an effective discharge of the Issuer in respect of such payments.

(b) Payments subject to applicable laws

All payments are subject to any applicable fiscal or other laws, regulations and directives but without prejudice to Condition 9. No commission or expenses shall be charged to the Noteholders in respect of such payments.

(c) Appointment of Agents

The Fiscal Agent, the Paying Agent and the Calculation Agent initially appointed by the Issuer and their respective specified offices are listed at the end of this Information Memorandum. The Fiscal Agent, the Paying Agent and the Registration Agent act solely as agents of the Issuer and the Calculation Agent acts as an independent expert and, under no circumstances shall act as agents of any Noteholder (unless otherwise specified). The Issuer may at any time vary or terminate the appointment of the Fiscal Agent, any Paying Agent, any Calculation Agent or Registration Agent and appoint other Fiscal Agent(s), Paying Agent(s), Calculation Agent(s) or Registration Agent(s) or additional Paying Agent(s), Calculation Agent(s) or Registration Agent(s), provided that the Issuer shall at all times maintain (i) a Fiscal Agent, (ii) a Paying Agent having specified office in one major European city (this city being Paris so long as the Notes are admitted to trading on Euronext Paris and that the rules applicable to that Regulated Market so require), (iii) one or more Calculation Agents if required by the Conditions (iv) in the case of Notes in fully registered form, a Registration Agent and (v) such other agent as may be required by the rules of any other Regulated Market on which the Notes may be admitted to trading.

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders in accordance with Condition 14.

If any date for payment in respect of any Note or Coupon is not a business day, the Noteholder shall not be entitled to payment until the next following business day unless otherwise specified in the relevant Final Terms, nor to any interest or other sum in respect of such postponed payment. In this paragraph, "**business day**" means a day (other than a Saturday or a Sunday) (A) (i) on which Euroclear France is open for business, (ii) on which banks and foreign exchange markets are open for business in such jurisdictions as shall be specified as "**Financial Centre(s)**" in the relevant Final Terms and (B) (i) in the case of a payment in a currency other than Euro, where payment is to be made by transfer to an account maintained with a Bank in the Specified Currency, a day on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency or (ii), in the case of payments made in Euro, which is a TARGET Business Day.

For the purpose of this Condition 8, "**Bank**" means a bank in the principal financial centre of the Specified Currency or, in the case of Euro, in a city in which banks have access to the TARGET System.

9. Taxation

(a) Tax exemption

All payments of principal, interest and other revenues related to the Notes by or on behalf of the Issuer in respect of the Notes shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.

(b) Additional amounts

If French law should require that payments of principal or interest in respect of any Note be subject to deduction or withholding in respect of any present or future taxes or duties whatsoever, the Issuer will, to the fullest extent then permitted by law, pay such additional amounts as shall result in receipt by the Noteholders of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable with respect to any Note :

(i) *Other connection*

to, or to a third party on behalf of, a Noteholder who is liable to such taxes or duties by reason of his having some connection with the Republic of France other than the mere holding of the Note; or

(ii) *Payment to individuals*

where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to any European Union Directive implementing the conclusions of the ECOFIN Council meeting of 26 and 27 November 2000 or any other conclusion of the ECOFIN Council on the taxation of savings income or any law implementing or complying with, or introduced in order to conform to, such Directive.

References in these Conditions to (a) "**principal**" shall be deemed to include any premium payable in respect of the Notes, all Early Redemption Amounts, Optional Redemption Amounts and all other amounts in the nature of principal payable pursuant to Condition 7 or any amendment or supplement to it, and (b) "**interest**" shall be deemed to include all Interest Amounts and all other amounts payable pursuant to Condition 6 or any amendment or supplement to it.

10. Events of Default

The Representative (as defined in Condition 12), upon request of any Noteholder, or in the event no Representative has been appointed, any Noteholder, may, upon written notice addressed by registered letter with acknowledgment of receipt to the Fiscal Agent (with copy to the Issuer) given before all defaults shall have been cured, cause all the Notes (but not some only) held by such Noteholder to become immediately due and payable at their principal amount, together with any accrued interest thereon, as of the date on which such notice is received by the Fiscal Agent, if any of the following events (each an "**Event of Default**") shall occur:

- (i) default in any payment when due of principal of, or interest on, any of the Notes (including the payment of additional amounts mentioned in Condition 9) by the Issuer, and the continuance of any such default for a period of ten (10) calendar days thereafter; or
- (ii) default in the performance of, or compliance with, any other obligation of the Issuer under the Terms and Conditions of the Notes, if such default shall not have been remedied within twenty (20) calendar days after receipt by the Issuer of notice of such default given by the Representative (as defined in Condition 12) or a Noteholder; or
- (iii) one or more, present or future, indebtedness of the Issuer for borrowed money, whether individually or collectively in excess of Euro 200,000,000 (or its equivalent in any other currency), shall become or might become due and payable prior to its stated maturity as a result of a default thereunder by the Issuer, or if any such indebtedness shall not be paid when due or, as the case may be, at the expiry of any applicable grace period thereof, or if a security thereto is implemented, or in the event of a

payment default of any amount in connection with a guaranteed debt of a third party by the Issuer; or

- (iv) if the Issuer is liquidated, dissolved, merged, split or absorbed, before full redemption of the Notes, except if the obligations of the Issuer under the Notes are transferred to the surviving entity pursuant to such liquidation, dissolution, merger, split or absorption, as the case may be;
- (v) if the Issuer proposes a general moratorium in relation to its debt within the framework of negotiations with its creditors in the context of any out-of-court proceedings, is subject to a safeguard procedure (*procédure de sauvegarde*) or applies for the appointment of a *conciliateur* or a *mandataire ad hoc* (except when such appointment is due to statutory requirements of the Issuer or to a management assignment), or is subject to such an application, or enters into an amicable settlement (*procédure de conciliation*) with its creditors; or a judgement is issued for the judicial liquidation (*liquidation judiciaire*) of the Issuer; or, to the extent permitted by applicable law, is subject to similar proceedings; or the Issuer makes any conveyance, assignment or other arrangement for the benefit of, or enters into a composition with, its creditors; or
- (vi) regarding only the Guaranteed Notes, if the Guarantee ceases to be valid or to be in full force and effect for any reason.

11. Prescription

Claims against the Issuer for payment of any sums payable with respect to the Notes shall be prescribed within ten (10) years (in the case of principal) or five (5) years (in the case of interest) from their due date.

The prescription period applicable to the Guarantee is described in Condition 5.

12. Representation of Noteholders

Noteholders will, in respect of all Tranches in one Series, be grouped automatically for the defence of their common interests in a *masse* (in each case, the "*Masse*").

In accordance with Article L.213-17 of the French *Code monétaire et financier*, the *Masse* will be governed by the provisions set out in articles L.228-46 to L.228-89 of the French *Code de commerce* applicable to associations and will act through an initial representative (the "**Representative**") and an alternate representative, whose names and remuneration with respect to such appointment will be specified in the relevant Final Terms.

13. Further issues

Unless otherwise provided in the relevant Final Terms, the Issuer may from time to time without the consent of the Noteholders create and issue further Notes to be assimilated (*assimilées*) with the Notes already issued provided such Notes and the further Notes carry rights identical in all respects (or identical in all respects save as to the issue date, issue price and first payment of interest specified in the relevant Final Terms) and that the terms of such Notes provide for such assimilation, and references in these Conditions to "**Notes**" shall be construed accordingly.

14. Notices

- (a) Notices to the holders of Notes in registered form (*au nominatif*) shall be valid if either, (i) they are mailed to them at their respective addresses, in which case they will be deemed to have been given on the fourth weekday (being a day other than a Saturday or a Sunday) after the mailing, or (ii) they are published in a leading economic and financial daily newspaper of general circulation in Europe (which is expected to be the *Financial Times*). It is specified that so long as such Notes are admitted to trading on any Regulated Market and that the rules applicable to such Regulated Market so require, notices will only be deemed to be valid if they are published on the website of any relevant regulatory authority, in a leading economic and financial daily newspaper with general circulation in the city/ies where such Notes are admitted to trading, which in the case of Euronext Paris, shall be, *Les Echos*, and by any other means required, as the case may be, by the rules applicable to such Regulated Market.
- (b) Notices to the holders of Notes in bearer form (*au porteur*) shall be valid if published (i) in a leading economic and financial daily newspaper of general circulation in Europe (which is expected to be the

Financial Times) and (ii) so long as such Notes are admitted to trading on a Regulated Market and that the rules applicable to such Regulated Market so require, in a leading economic and financial daily newspaper with general circulation in the city/ies where such Notes are admitted to trading, which in the case of Euronext Paris, shall be, *Les Echos*, and by any other means required, as the case may be, by the rules applicable to such Regulated Market.

- (c) If any such publication is not practicable, notice shall be validly given if published in another leading economic and financial daily newspaper with general circulation in Europe. Any notice given to the Noteholders by publication shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the date of the first publication as provided above.
- (d) Notices required to be given to the Noteholders (whether in registered or in bearer form) (*au porteur* or *au nominatif*) pursuant to these Terms and Conditions may be given by delivery of the relevant notice to Euroclear France, Euroclear, Clearstream, Luxembourg and any other clearing system through which the Notes are for the time being cleared in substitution for the mailing and publication as required by Conditions 14(a), (b) et (c) above; provided that so long as such Notes are admitted to trading on any Regulated Market(s) and the rules applicable to that Regulated Market so require, notices shall also be published in a leading economic and financial daily newspaper with general circulation in the city/ies where such Notes are admitted to trading, which in the case of Euronext Paris, shall be, *La Tribune* or *Les Echos*, and by any other means required, as the case may be, by the rules applicable to such Regulated Market.

15. Governing law, language and jurisdiction

(a) Governing law

The Terms and Conditions of the Notes and the Guarantee are governed by, and shall be construed in accordance with, French law.

(b) Language

This Information Memorandum was drafted in French. An indicative translation made available by the Issuer may be offered.

(c) Jurisdiction

Any claim against the Issuer in connection with any Notes or against the Guarantor in connection with the Guarantee may be brought before any competent court in Paris.

USE OF PROCEEDS

The net proceeds of the issue of Notes will be used to support the financing needs of the Issuer (as specified, as the case may be, in the relevant Final Terms), which is in charge of ensuring the performance of the unemployment insurance scheme in favour of employees, companies and the unemployed, by making sure that the operators shall apply the rules and provisions adopted by the social partners and in close cooperation with the later, within a perspective of a socially responsible management of the unemployment insurance scheme. The issuer's activity is further described in section "Description of the Issuer" below.

If with respect to a specific issuance of Notes a specific use of proceeds has been identified, such use shall be indicated in the relevant Final Terms.

The Notes may be qualified as "Social Bonds", as indicated in the relevant Final Terms in accordance with a framework document relating to Unedic's social bonds (as may be amended from time to time) (the "Social Bond Framework") which is available in a dedicated area on Unedic's website, in accordance with the principles applicable to the social bonds (the Social Bond Principles published by the International Capital Markets Association).

As regards the social bonds and as described in the relevant Final Terms, the net proceeds from the issuance of the Notes will be allocated by the Issuer to the financing or refinancing of some or all of the eligible social expenditures, as described in the relevant Final Terms with reference to the Social Bond Framework.

The above-mentioned Social Bond Framework describes the management of proceeds, reporting and external reviews (and in particular the issuance of a "Second Party Opinion") and external verification) arrangements applicable to the Issuer's social bond issuances, in addition to the eligibility criteria.

The Issuer mandated ISS ESG for the issuance of a "Second Party Opinion" on the Sustainability Quality of the Issuer and Social Bond Programme, assessing among other things the compliance of the Social Bond Framework with the Social Bond Principles. This Second Party Opinion, and any other opinion or certification provided in connection with the issuance of Notes according to the Social Bond Framework is available on the dedicated section of the website of the Issuer.

The Final Terms relating to the social bonds will provide the relevant information, such as the references to the applicable social bond framework (defining, among other things, the selection criteria for eligible social expenditures) under which such Notes are issued. The Final Terms may refer investors to the relevant section of the Issuer's website for more information.

DESCRIPTION OF THE ISSUER

History and development of the Issuer

The Issuer is a jointly-managed body created under the National inter-industry agreement of 31 December 1958 to manage the unemployment insurance scheme. At that time, the scope of the unemployment insurance scheme was confined to the activity sectors represented on the Conseil National du Patronat Français (French national employers' association – CNPF). The scheme was progressively widened to include all trades and professions in the private sector. The following are the milestones in the widening of its scope:

1967	Inclusion of all industrial and commercial sectors and optional membership for industrial and commercial public corporations (utilities)
1974 – 1977	Inclusion of the agricultural scheme
1979 – 1980	Inclusion of domestic servants and child minders
1987	Optional, revocable membership of local government and administrative public corporations other than those of the State, for non-established staff
1999	Optional, revocable membership of universities, major higher training institutions (grandes écoles) and scientific and technological public corporations

Legal form and registered office

The Issuer is a private-law, non-profit association formed under the non-profit association Act of 1 July 1901. The Issuer was instituted pursuant to the National inter-industry agreement of 31 December 1958 creating a national, inter-industry unemployment insurance scheme, signed between the national employers' organisations and the national trade-union organisations of employees, representative at inter-industry level.

The following is the contact information for the Issuer's registered office, 4 rue Traversière, 75012 Paris, France, tel.: +33 (0)1.44.87.64.00, website: www.unedic.org,

Legislation governing the Issuer's activities

The Issuer is governed by French law and in particular by the provisions of the non-profit associations Act of 1 July 1901 and by the provisions of the French *Code du Travail* and of the aforementioned national agreements concerning the unemployment-insurance institutions and the unemployment insurance scheme which apply to all employers in the private sector.

The Issuer implements the provisions of relevance to unemployment insurance.

- Agreements concerning the unemployment insurance institutions

The agreement of 31 December 1958 was succeeded by the agreement of 24 February 1984, then by that of 22 March 2001 relating to institutions concluded for an indefinite term, both maintaining the institutions created in 1958. The agreement of 22 March 2001 currently governs the Issuer's internal operation, supplementing its articles of association.

- The unemployment insurance agreements

Since 1984, the social partners have concluded unemployment insurance agreements for fixed terms to take account in particular the financial position of the unemployment insurance scheme. These agreements are then approved by the national authorities competent in employment matters to make those agreements binding upon all employers and employees in the private sector. The Issuer is tasked with the responsibility of implementing these unemployment insurance agreements.

The latest unemployment insurance agreement dated 14 April 2017, which replaces the previous agreement dated 14 May 2014, was approved by Order issued by the Minister of Work, Employment, Professional Training and Social Dialogue dated 4 May 2017⁸, notably in application of the provisions of Article L.5422-20 to Article L.5422-23 of the Labour Code. The agreement and the appended texts establish the implementation measures of the unemployment benefit scheme with effect from 1 October 2017 for a period of 3 years, until 30 September 2020.

The main changes made to the unemployment benefit scheme under the agreement of 14 April 2017 notably concerned (i) calculation of unemployment benefit, which was solely based on the number of days worked, (ii) modification of the maximum benefit period for unemployed people aged over 50 (progressive scale from 24 months to 36 months maximum for unemployed people aged over 55), (iii) specific benefit deferral in the event of supra-legal indemnities being paid (reduced from 180 to 150 days), (iv) creation of a temporary extraordinary contribution at the rate of 0.05% and exclusively payable by the employer⁹, and (v) elimination of the current adjustment of employers' contributions to unemployment benefit for fixed-term contracts.

On 18 June 2019, the government presented the social partners with a proposal on the reform of the unemployment insurance system. The social partners not having reached an agreement within the planned time period, it fell to the government to determine the measures for implementing the unemployment insurance system by decree n°2019-797 dated 26 July 2019.

Most of the provisions of the decree of 26 July 2019 came into force starting 1 November 2019 and will apply until 31 December 2023.

⁸ Official Journal of the French Republic – JORF no. 0107 of 6 May 2017

⁹ The decree of July 26, 2019 then perpetuated this exceptional contribution, initially planned for a maximum period of 3 years (i.e. until September 30, 2020), by increasing the rate of contributions payable by the employer to 4.05%.

Adoption of the unemployment insurance regulation by decree dated 26 July 2019

The changes made by decree no. 2019-797 dated 26 July 2019 concern in particular:

- (i) the method for calculating unemployment insurance benefits, which will no longer be based only on the number of days worked but on the job's average monthly pay,
- (ii) the minimum employment period necessary to benefit from back-to-work allowance (*aide au retour à l'emploi*, or "ARE"), which will be increased to 130 days (or 910 hours) over the 24 months that preceded the end of the employment contract with respect to employees aged less than 53 years at the date of the end of their employment contract (and over the last 36 months for employees aged 53 years and older)¹⁰,
- (iii) an adjustment of the entitlement renewal system, which will be subject to the condition that the employee demonstrates that he/she has been affiliated with the unemployment insurance system for at least 130 days worked (or 910 hours worked) in respect of one or more activities carried out prior to the employment contract end date¹¹,
- (iv) the maximum compensation period giving rise to the payment of unemployment benefits (ARE), which cannot be less than 182 calendar days nor more than 730 calendar days. For the unemployed aged at least 53 years and less than 55 years on the date of the end of their employment contract, this limit is increased to 913 calendar days (and to 1,095 calendar days for the unemployed aged at least 55 years),
- (v) the implementation of a 30% degressivity principle (i.e., 0.7 degressivity coefficient) applicable to unemployment insurance benefits starting on the 183rd day of being paid benefits with respect to jobseekers whose former salaries exceed a certain amount (€4,500 (gross)),
- (vi) the creation of a bonus-penalty system relating to employers' separation rate for firms with more than 11 employees operating in the seven business sectors that most often have recourse to short-term contracts,
- (vii) entitlement to employment benefits (ARE) for certain resigning employees and for independent workers under certain conditions,
- (viii) the implementation of new support measures for jobseekers who combine employment income with unemployment benefits or who go between being employed and unemployed, and
- (ix) revaluation of the Issuer's rate of contribution to the financing Pôle emploi, from 10% to 11%.

In the context of the spread of Covid-19 and in light of the disease's consequences on the job market, the effective date of certain provisions of decree 2020-797 of 26 July 2019, as updated, concerning in particular (i) the method for calculating the daily reference salary serving to calculate unemployment benefits, (ii) the implementation of the degressivity principle for jobseekers with a former high income, and (iii) the minimum period of affiliation required for the opening or recharging of unemployment insurance rights, has been successively postponed.

By decree No. 2021-1251 of 29 September 2021, published in the JORF on 30 September 2021, the method for calculating the daily reference salary, the duration of compensation and the deferred compensation under the unemployment insurance scheme provided for by decree No. 2019-797 of 26 July 2019, as amended, came into force on 1 October 2021.

It should be noted that by order dated 22 October 2021, the interim relief judge (*juge des référés*) of the *Conseil d'Etat* rejected the requests of certain social partners to obtain the suspension of decree No. 2021-1251 of 29 September 2021, on the grounds that the various arguments presented by the latter were not such as to create a serious doubt as to the legality of the decree. Following this decision, certain social partners lodged an appeal on the merits against the unemployment insurance reform, which was rejected by the *Conseil d'Etat* in its decision dated 15 December 2021.

¹⁰ Up until the effective date of the new provisions of the unemployment insurance regulation, in order to receive back-to-work allowance (*aide au retour à l'emploi*, or "ARE"), an employee who was involuntarily deprived of his/her work had to have worked at least 88 days (i.e., four months) over the last 28 months in the same company or with different employees (or 36 months in respect of persons aged 53 years and over at the date of the last employment contract).

¹¹ Up until the effective date of the new provisions of the unemployment insurance regulation, to be able to renew one's entitlements, it was sufficient to have worked 150 hours.

The effective date of the provisions relating to the degressivity of the allowance and the increase in the condition of affiliation (to 6 months out of 24 months) provided for by decree No. 2019-797 of 26 July 2019, had been adjusted and postponed to take into account the impact on employment of the crisis due to the Covid-19 epidemic and was to be determined on the basis of economic criteria for a "return to better fortunes", set by decree no. 2021-346 of 30 March 2021, in order to take into account the evolution of the economic and social situation.

The order of the Minister of Employment of November 18, 2021, noted the achievement on 1 October 2021 of the two criteria of return to better fortune. The publication of this order led to the reinstatement of the 6-month affiliation condition and the reinstatement of the 6-month period before application of degressivity, starting 1 December 2021.

The decree no. 2023-33 of 26 January 2023 introduced new rules for modulating the duration of compensation for the unemployed according to the state of the labor market, resulting in (i) for recipients residing in mainland France whose employment contract ends (or the date on which the dismissal procedure is initiated) on or after 1 February 2023, by applying a coefficient of 0.75 on the duration of compensation, the current calculation methods of which remain unchanged, and (ii) by the creation of an end-of-rights supplement, in the event of a deterioration in the unemployment rate, consisting of extending the duration of compensation for recipients at the end of their entitlement, if they have less than 30 days of benefits remaining, up to the limit of the duration of compensation not affected by the 0.75 coefficient.

The decree no. 2023-33 of 26 January 2023 also introduced the following measures:

- The introduction of an end-of-training supplement, in the event of completion of a training course leading to a qualification of at least 6 months and registered in the PPAE (personalized employment access project) not completed at the date of the end of the of entitlement.
- The increase in the rate of the ARCE (aid for business start-ups) to 60% (compared to 45% at present), for recipients whose employment contract ends on or after 1 July 2023.
- Implementation of the bonus-malus system until 31 August 2024. The text extends until 31 August 2023 the first modulation of unemployment insurance contributions that began on 1 September 2022 and establishes a second modulation period from 1 September 2023 to 31 August 2024.

The decree no. 2023-275 of 17 April 2023, entered into force on 19 April 2023, has modified the situation of employees who abandon their position by instituting an assumption of resignation in the event of abandonment of position by the employee (until then, the abandonment of a position could give rise to dismissal for serious misconduct, which gave rise to the entitlement to unemployment insurance benefits). This new procedure entered into force on 19 April 2023, following Decree No. 2023-275 of 17 April 2023. The assumption of resignation will prevent entitlement to unemployment insurance and result in lower expenditures for the scheme.

Moreover, the reform of pensions, resulting from the Amending Social Security Funding Act for 2023 dated 14 April 2023, which will progressively enter into force from 1 September 2023, will also impact the unemployment insurance scheme, as the legal retirement age is one of the conditions to receive the ARE. Indeed, the ARE cannot be paid beyond the age at which the beneficiary is entitled to a full-rate pension, and at the latest beyond the automatic full-rate age (which remains at 67).

The pension reform provides for several measures, and in particular:

- a gradual increase in the legal retirement age from 62 to 64 from 1 September 2023, 3 months per year of birth to reach the target age of 64 by 2030;
- an acceleration of the schedule of the extension of the contribution period necessary to benefit from a full-rate pension which will be increased to 43 years in 2027,
- an adaptation of certain early departure arrangements, given the increase in the legal retirement age.

The two decrees n° 2023-435 and n° 2023-436 of 3 June 2023 are the first in a long list of application decrees (another 25 decrees and 4 orders are expected), and provide in particular for the necessary application procedures:

- of the gradual increase in the legal retirement age from 62 to 64;
- of the adaptation of certain early departure arrangements;
- of the application of the reform to all civil servant and State worker schemes.

The provisions of these decrees will apply mainly to pensions taking effect from 1 September 2023.

In addition, Article 20 of the unemployment insurance regulation issued by the decree of 26 July 2019, as amended, provides for the possibility for the Unédic's Board of directors, or failing that by decree of the Minister in charge of employment, to revalue, each year, the reference salary of beneficiaries and all allowances, or parts of allowances with a fixed amount, provided that this valuation does not exceed four times the social security cap mentioned in Article L. 241-3 of the social security Code, in force on the date of the increase. These increases take effect on 1 July of each year. In this respect, following an exceptional revaluation as of 1 April 2023, decided by the Unédic's Board of directors and by decree no. 2023-228 of 30 March 2023 relating to the terms and conditions for revaluing unemployment insurance benefits, the Board of directors decided on 27 June 2023 to revalue certain benefits as of 1 July 2023 (i. e reference salary for beneficiaries, amount of the fixed part of the ARE, amount of the minimum allowance (ARE), minimum threshold of the ARE for beneficiaries undergoing training, floor for the application of the degressivity coefficient and amount of the daily allowance applicable in this respect).

Any related decision or regulatory change will lead to an update of this Information Memorandum.

Recent events specific to the Issuer and significantly influencing assessment of its solvency

After an exceptional rebound of employment in France in 2021(+1,114,654 according to Insee, an increase of nearly 3.9%), driven by the removal of the main health restrictions and the business and employment support measures that remained in effect, employment in the field affiliated with unemployment insurance scheme increased in 2022 (+341,000, an increase of nearly 1.7%). Thus, during the first half of 2022, nearly 198,000 jobs were created, then 143,000 in the second half of the year. Meanwhile, whereas the number of jobseekers indemnified by the unemployment scheme fluctuated around 2.7 million during the second part of the 2010 decade before reaching a peak at 2.9 million in 2020 (due to the sanitary crisis and the extension of the rights to indemnification applied to support the economy), this number fell down to 2.5 million, driven by the combined effects of the end of the extension of rights, the entry into force of the 2021 unemployment insurance reform and the employment dynamics and then stabilized at this level in 2022. In total, the number of jobseekers receiving back to work allowances (ARE), back to work training allowances (AREF), professional security allowances (ASP), back to work (ASP), return to work project allowance (AREP) and allowances for the self-employed (ATI) under the unemployment insurance system decreased by 19,000 people between December 2021 and December 2022. The number of compensated unemployed persons was 2,508,000 in December 2022. Each month, approximately 2,471,000 jobseekers on average received benefits from the unemployment insurance system in 2022 (source: Pôle emploi, CVS data at end of month, all of France).

While the crisis aggravated Unédic's 2020 and 2021 result to an unprecedented extent, the 2022 accounts for the scheme are in benefits. Thus, at the end of 2022, the net result of the Unemployment Insurance amounted to +3.4 billion euros (compared to -6.8 billion euros at the end of 2021).

The overall benefit expenditure decreased by -12.63 % in 2022, mainly due to a -12.27% decrease for the back to work allowances (ARE) and of -34.44% for the specific reclassification allowance (ASR) and the back to work allowance (ASP).

After a historic decline of 6.7% in 2020, resources continued the upward trend that began in 2021 (+10.2%) to progress by 8.1% in 2022.

After including the contribution of the unemployment insurance to the financing of the supplementary pension for beneficiaries (2.228 million euros in 2022 compared to 2.449 million euros in 2021), to the participation for the Pôle emploi budget (3.924 million euros) and the drastic decrease to the financing of partial activity (195 million in 2022, following 2,551 million euros in 2021), the technical management charges decreased by -13.5% between 2021 and 2022. The technical management result is positive of 3.753 million euros, an improvement compared to the 2021 deficit of 6.507 million euros.

The Articles of association of the Issuer were amended by way of a decision of the Board of Directors dated 7 February 2012 with a view to have them adapted to the new organisation of the public employment service (creation of Pôle emploi, abolition of the Groupe paritaire national de suivi, etc...).

(B) The Issuer manages (i) the contractual and jointly-managed unemployment insurance scheme and (ii) other mechanisms provided under the agreements.

(1) The contractual unemployment insurance scheme

- Unemployment insurance

The unemployment insurance scheme introduced by the national inter-industry agreement of 31 December 1958 is a contractual scheme of which the principles are laid down by statute. The Issuer manages on a jointly-representative basis the contractual provisions for compensating employees deprived of employment in France against their will.

Under the scheme, unemployment benefit is paid to employees deprived of employment against their will who fulfil the conditions of age and of previous activity that has given rise to the payment of unemployment insurance contributions. Unemployment insurance benefits are calculated on the basis of the average gross salary for the last twelve (12) months of an employee deprived of employment against his will. The period for which benefit is paid depends on the length of the earlier activity having given rise to membership of the unemployment insurance scheme and on the age of the employee deprived of employment.

At the outset, the unemployment insurance scheme concerned only businesses that were members of a trade association. However, it was widened in successive stages to all private-sector businesses and today has become an inter-industry scheme. It is a compulsory basic scheme: all employers in the private sector must subscribe to the unemployment insurance scheme to cover all their employees¹².

The unemployment insurance scheme is funded by compulsory contributions from employers and employees in accordance with the principle of professional solidarity. These contributions used to be collected by *Pôle emploi* on behalf of the Issuer. Since 1 January 2011, collecting contributions, on behalf of the Issuer, is principally provided by Urssaf Caisse nationale and by the urssaf network¹³. These resources are managed by the Issuer. Their amount is laid down by the social partners in the agreement of 14 April 2017 on unemployment benefit, and changes in accordance with the expenditure to cover.

The contributions are used to finance the benefits paid to employees who are deprived of employment and have paid sufficient contributions. Pursuant to Article L. 5422-24 of the French *Code du Travail*, 10% of these contributions are paid to *Pôle emploi* for its operating expenses and investment costs, and its assistance in finding employment for workers deprived of employment. The decree of 26 July 2019 increased the Issuer's rate of contribution to *Pôle emploi*'s financing to 11%.

The contribution rates were set by the unemployment insurance agreement of 14 April 2017 at 6.40% (4% shouldered by employers and 2.40% by employees), plus an exceptional 0.05% contribution (perpetuated by Decree of 26 July 2019) borne exclusively by employers for the term of the agreement. The decree of 26 July 2019 has set the rate of the employer contributions referred to in paragraph 1 of article L. 5422-9 of the French Labour Code at 4.05%.

The 2019 social security budget law eliminated employee contributions to the unemployment insurance system commencing 1 January 2019, which were replaced by a fraction of the employment income based general social contribution (*CSG activité*). 13.2 billion euros were thus recorded in 2020 for the CSG on earned income and 14.9 billion euros in 2021.

In order to secure the financing for these eliminations and reductions and to guarantee that the Issuer is financed, the members of the Issuer's Executive Committee approved the execution of the following agreements:

- an agreement with Urssaf Caisse nationale and *Pôle emploi* to provide a framework for the payment of the employment income based general social contribution replacing employee contributions and the monitoring of wage bill data, which was entered into on 23 January 2019; and
- an agreement with Urssaf Caisse nationale, the Caisse Central de la MSA (CCMSA) and *Pôle emploi* regarding the financing of the general relief arrangements, which was entered into on 23 January 2019.

¹⁰ Art. L. 5422-13 *Code du Travail*

¹¹ Collecting contributions on behalf of the unemployment insurance was transferred further to provisions of Law 2008-126 of 13 February 2008.

The framework surrounding the State's financial compensation regarding specific exemptions of employer contributions to the unemployment insurance system was formalised in an agreement entered into on 30 March 2019 with the relevant ministerial departments.

- In order to enable Pôle emploi to carry on the missions previously performed by the unemployment insurance institutions, two service agreements were entered into on 19 December 2008 between the Issuer and Pôle emploi concerning the payment of unemployment insurance benefit and the collection of contributions on a transitional basis.

Under these terms, the Issuer prescribes, particularly to Pôle emploi, the rules concerning payment of unemployment benefit, and implements the unemployment insurance financial policy defined by the social partners. For this purpose, the Issuer drafts instructions and disseminates, among others, circulars, instructions, printed material and operating forms nationwide. In addition, it monitors disputes on questions of principle and manages the finances and cash of the unemployment insurance scheme.

With a view to simplifying formalities by employers in the context of payment of unemployment benefit insurance contributions, by reducing specifically the number of declarations and interlocutors, these service agreements were subsequently incorporated in the context of a quadripartite agreement dated of 17 December 2010 entered into by the Issuer, Pôle emploi, AGS and Urssaf Caisse nationale regarding the collection of contributions and subscriptions due from employers. The missions of the Issuer as referred to in the previous paragraph are incorporated and detailed in this new agreement.

The agreement also describes in detail the conditions according to which *Pôle emploi* and Urssaf Caisse nationale collect on behalf of the Issuer contributions due for unemployment insurance and subscriptions to guarantee employees' claims, as well as payment of unemployment benefit to jobseekers.

- The *Contrat de sécurisation professionnelle* (Careers safeguarding agreement)

In the context of the national inter-professional agreement of 31 May 2011 and Law n°2011-893 of 28 July 2011 for the development of work-study contracts and safeguarding of careers contracts, social partners adopted the agreement of 19 July 2011 for the safeguarding of career contract ("*contrat de sécurisation professionnelle*" or "*CSP*") (which duration had been extended to 31 December 2014), in replacement of the individualised return-to-work agreement ("*convention de reclassement personnalisé*") and the professional transition agreement ("*contrat de transition professionnelle*"). The CSP is intended to assist and pay a specific allowance to the employees who are made redundant for economic reasons in order to promote their accelerated job-reclassification.

The social partners agreed, within the framework of the national inter-industry agreement ("*accord national interprofessionnel*") dated 8 December 2014 concluded for two years, to renew and adapt the measures regarding safeguarding of careers contracts ("*contrat de sécurisation professionnelle*").

The CSP applies to all redundancy procedures for economic reasons by all companies which are not submitted to the reclassification leave (i.e. all companies, consisting of all their businesses branches, with a workforce of less than 1,000 employees or those in receivership or judicial liquidation regardless of their workforce).

The amendments relate, in particular, to the reduction of the safeguarding of careers indemnity ("*allocation de sécurisation professionnelle*"), the establishment of a re-employment premium and of a "CSP-glissant" to take into account the periods of work and the broadening of the conditions of the return to employment.

The national inter-industry agreement ("*accord national interprofessionnel*") has been implemented in a new agreement on the CSP dated 26 January 2015, entered into force on 1 February 2015. On 31 May 2018, the social partners concluded an amendment (Amendment no.

3) providing for an extension to the agreement of 26 January 2015, which will therefore remain in force until 30 June 2019.

On 8 January 2020, the social partners (other than the CGT) signed amendment no. 5 to the agreement dated 26 January 2015 relating to the safeguarding of careers contracts in order to render this agreement compliant with applicable unemployment insurance regulations. However, safeguarding of careers contracts continue to have certain specificities (i.e., affiliation conditions are not aligned with those of the ARE, nor the methods for calculating the daily reference salary or the degressivity measure).

The agreement on the CSP expiring on 31 December 2022, during the meeting held on 20 October 2022, the members of the Executive Committee validated its extension by amendment until 31 March 2023. The amendment No. 7 to the agreement on the CSP, taking into account the new unemployment insurance decree that took effect on 1 February 2023 and extending the scheme until 31 December 2023 was signed by the social partners on 15 March 2023. This amendment was approved by the Prime Minister, by order dated 9 June 2023, published in the *Journal Officiel* on 11 June 2023.

(2) The other schemes

The Issuer also carries out other missions on behalf of third parties under management agreements with the State and the AGS (Association pour la Gestion du régime d'assurance des créanciers des Salariés – Association managing the scheme insuring amounts owed to employees).

- The Unédic-AGS agreement

The AGS is the employers' organisation financed by businesses, created in early 1974; it pays the debts arising from the employment contract in the event of a business going into receivership or judicial liquidation. On 18 December 1993, a management agreement was concluded between AGS and the Issuer; the latter is responsible for collecting the contributions, making the necessary funds available to the appointed agents and judicial administrators, recovering sums advanced and keeping accounts of the transactions involved.

The agreement was terminated on 27 June 2019 by AGS, effective 31 December 2019. As negotiations commenced for the purpose of entering into a new agreement were still in progress, several extension agreements relating to the management agreement have been entered into between AGS and the Issuer.

The members of the Issuer's Executive Committee, by decisions taken on 20 October 2022, validated a new extension of the current agreement until 30 June 2023 at the latest (extension agreement n°67 dated 25 October 2022).

- The State-Unédic agreement on compensation for short-time working

In response to the economic difficulties encountered by businesses, an alternative to short-time working has been instituted, turned "activité partielle à longue durée" (long-term part-time working). This scheme may provide for the payment, under a part-time working agreement, of additional benefits for short-time working to employees whose working time is reduced below the legal or contractual period for a long period, with counterpart job-maintenance and training guarantees. These benefits are funded jointly by the business, the State and the unemployment insurance scheme. The scheme contributes to the financing of the arrangement up to a maximum of €150 million (to which an additional envelope of €80 million had been added in 2012), with the aim of avoiding as many redundancies as possible, for which it would have to assume financial responsibility. Beyond 31 December 2012, long-term part-time working ("*activité partielle à longue durée*") was funded by the balance of the previous envelope. The State's participation is in addition to its existing participation in the special short-time working benefit. Since the creation of the new part-time scheme referred to below, the scheme has been financed one-third (33%) by Unédic and two-thirds (67%) by the State.

- Temporary part-time scheme named “activité réduite pour le maintien de l’emploi” (part-time working for employment preservation)

Article 53 of law No. 2020-734 of 17 June 2020 providing “various provisions related to the sanitary crisis, to other urgent measures and the withdrawal of the United Kingdom from the European Union” created, from 1 July 2020, a new temporary specific part-time scheme named “activité réduite pour le maintien de l’emploi” (part-time working for employment preservation), for companies undergoing a lasting decline in activity but whose business continuity is not threatened. Decree n°2020-926 of 28 July 2020 in relation to said specific part-time scheme provides that the implementation of this scheme is subject to:

- the conclusion of a collective agreement, providing especially the starting date and duration of the specific scheme, the activities and employees concerned by the scheme, the maximum reduction in working hours, employment and training commitments and the procedures for informing the signatory employee trade union organisations and staff representative institutions;

This agreement must be approved by the *préfet* of the location of the concerned establishment.

- commitments for employment preservation.

This scheme is applicable for a period of 24 months, consecutive or not, over a reference period of 36 consecutive months and is limited to agreements transmitted for approval to the administrative authority, no later than 30 June 2022.

In this context, the reduction in employees' working time is limited to 40% of the legal duration and compensation is increased to 70% of the gross hourly reference pay (limited to 4.5 *Smic* “*salaires minimum de croissance*”(French minimum wage)). The part-time activity allowance reimbursed to the employer is fixed, depending on the case, to 60% (agreements transmitted to the administration before 1 October 2020) or 56% (agreements transmitted to the administration after 1 October 2020) of the gross hourly reference salary (limited to 4.5 *Smic*).

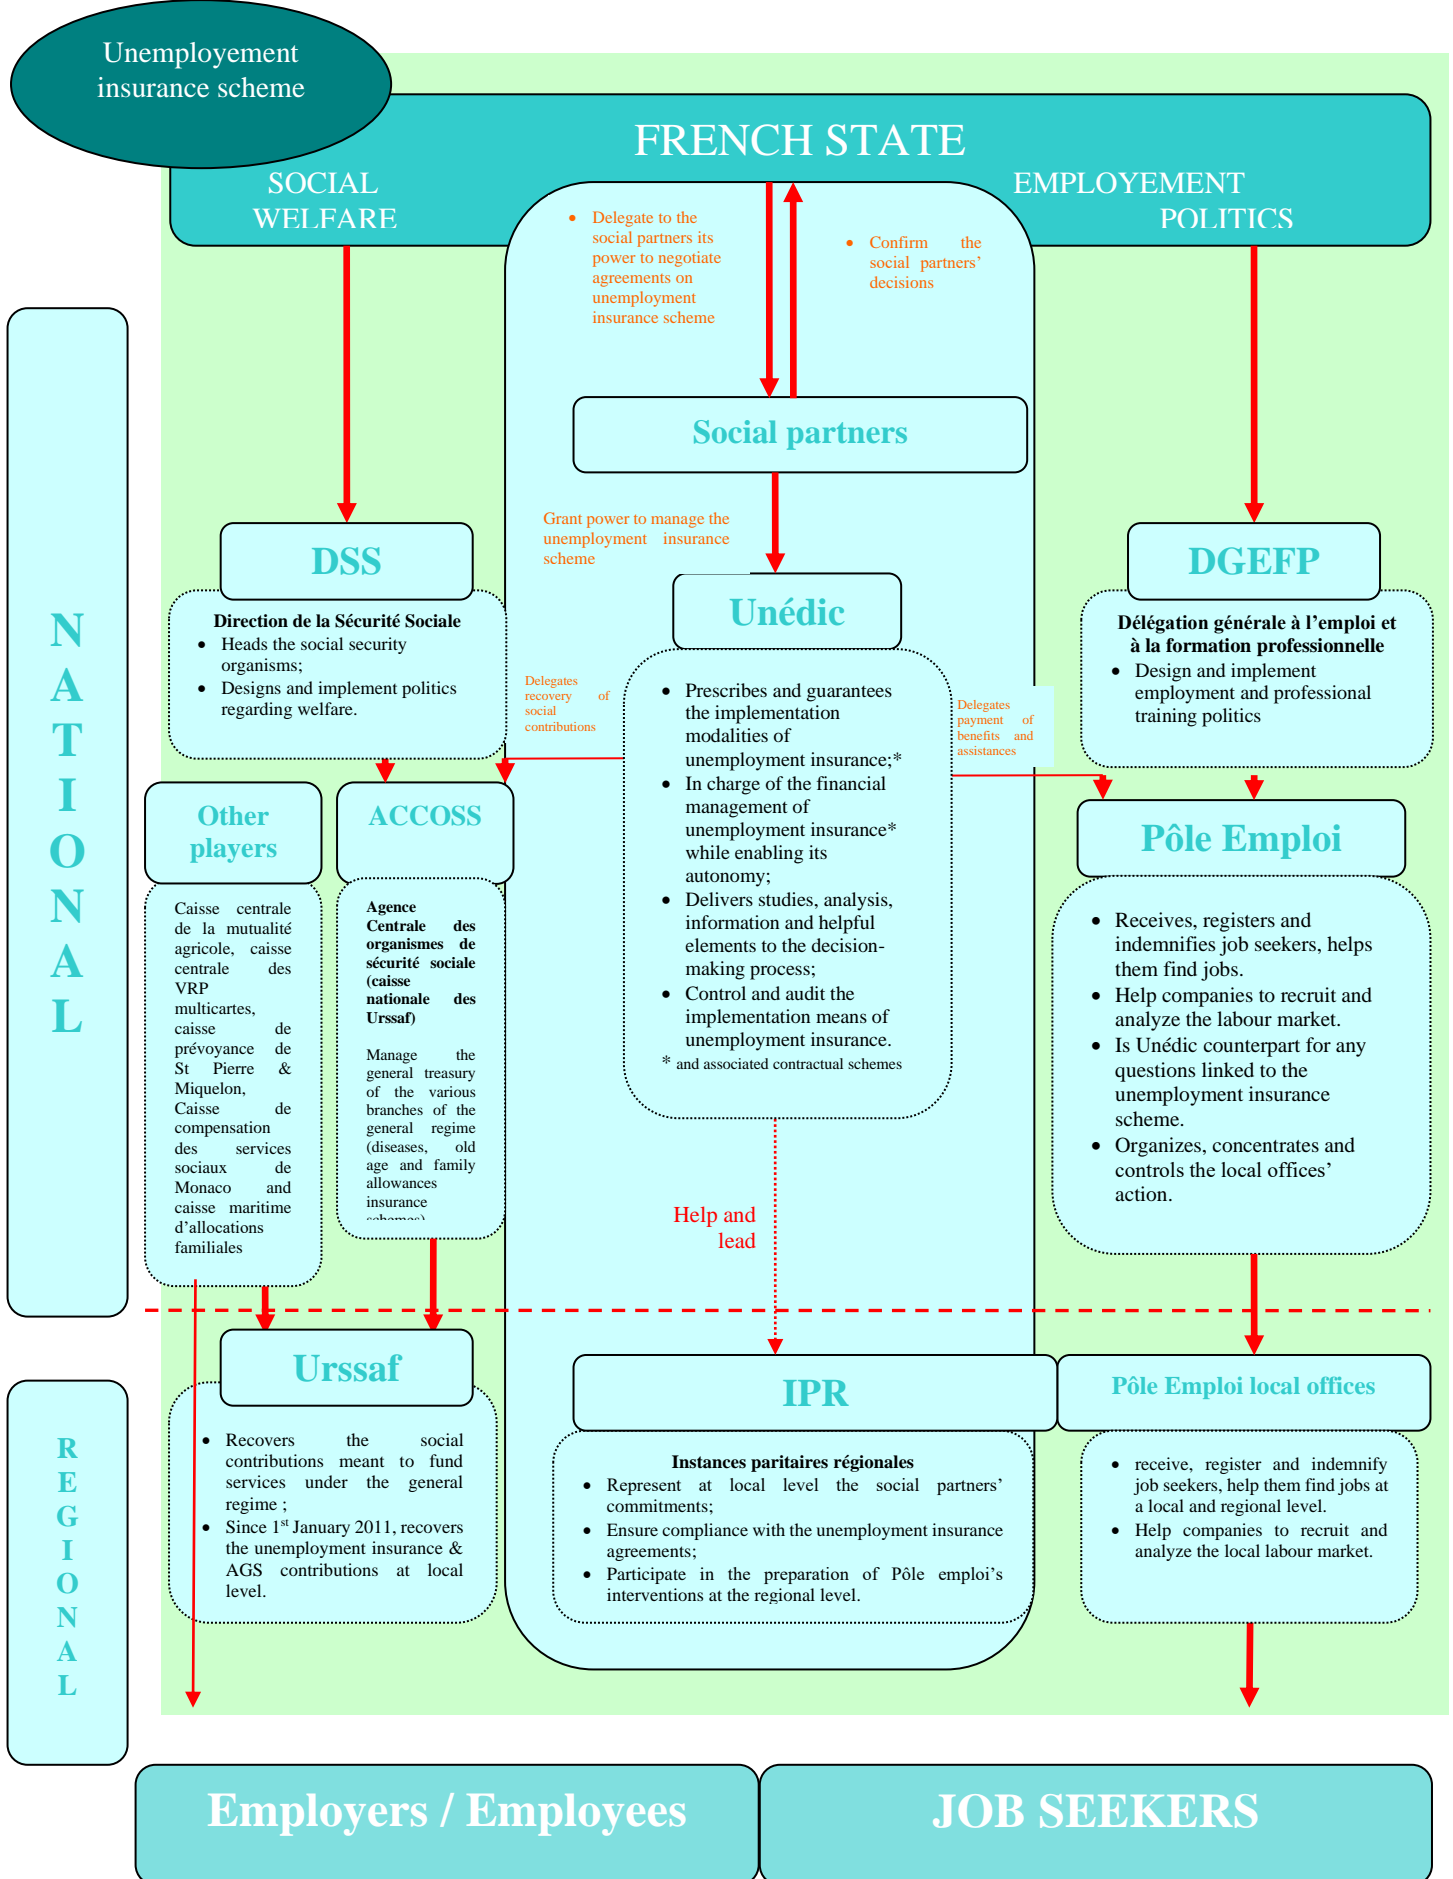

An amendment n° 1 dated 18 December 2020, to the State-Unédic agreement of 1 November 2014, determines the terms and conditions for financing the part-time scheme in the context of Covid-19 and its consequences on the labour market.

Unédic is responsible for 33% of the partial activity allowance, with the remaining 67% borne by the State.

The social security budget law No. 2020-1576 of 14 December 2020 extends for 2021, as from 1 January 2021, the social security regime for the legal contribution (art. 8, III and VII) and the supplementary contribution paid by employers to employees in part-time activity for periods of employment in 2021 only (art. 8, IV). The social security budget law No. 2021-1754 of 23 December 2021 on the financing of social security for 2022 extended the application of the social regime of the complementary partial activity allowance until 31 December 2022 (art. 15).

Flowchart

Place of the Issuer in the organisational scheme of the public employment service.

The unemployment insurance scheme is a protection scheme with rules adopted by the social partners. The Issuer has been put in charge of administering these contractual rules.

The Issuer is joint-representation body managing the unemployment insurance scheme; on behalf of the social partners, it also performs the role of research and expertise in subjects related to employment and unemployment. For this purpose, it provides to the social partners or to its management bodies analytical information required by them to develop their projects and conduct their activities (using indicators, studies, surveys, simulations, estimates, underwriting balance and assessments, benefit forecasts, etc.).

(A) The Issuer and Urssaf Caisse nationale

In the framework of Law No. 2008-126 of 13 February 2008 reforming the organisation of the public employment service, Urssaf Caisse nationale and Urssaf network were entrusted, on behalf of Unédic and AGS, with the collection of unemployment insurance's contributions and subscriptions.

The implementation phase was endorsed by a quadri-partite agreement concluded on 17 December 2010 by the Issuer, Pôle emploi, AGS and Urssaf Caisse nationale, which provides the practical terms pursuant to which Urssaf Caisse nationale and all services of the recovery branch collect, on behalf of the Issuer and AGS, contributions and subscriptions.

(B) The Issuer and Pôle emploi

Law No. 2008-126 of 13 February 2008 organised the merging of the Agence nationale pour l'emploi (ANPE – National employment agency) and the unemployment insurance operating network (the Assédic and Garp agencies) and provided for the creation of a new public corporation called Pôle emploi. This new institution was created on 19 December 2008.

Pôle emploi enjoys legal personality and financial independence. On behalf of the issuer, it is responsible for carrying out the missions of the public employment service including placement, payment of benefit, job finding, training, support and advice for job seekers. In accordance with Article L. 5312-1 of the French *Code du Travail*, the six (6) missions of Pôle emploi consist of the following:

- (1) prospecting the labour market, developing expertise in trends in the job market and in skills, collecting job offers, assisting and advising businesses in their recruitment, matching job offers with jobseekers and participating actively in combating hiring discrimination and in campaigning for professional equality;
- (2) receiving, informing, guiding, supporting and advising persons regardless of whether they are in work, who are seeking work, training or professional advice, prescribing all actions conducive to developing their professional skills and improving their employability, facilitating their return to work and professional betterment, facilitating their geographical and professional mobility and contributing to their finding work and a place in society;
- (3) taking registrations on the list of jobseekers, keeping that list up-to-date and ascertaining whether jobseekers are duly seeking work;
- (4) on the Issuer's behalf, paying the unemployment insurance benefit and on behalf of the State or the Solidarity fund, paying the Solidarity benefits, return-to-work bonus, the lump-sum bonus and any other benefit or assistance the state requires it to pay under contract;
- (5) collecting, processing, disseminating and making available to the relevant State and Issuer services, data concerning the labour market and payment of benefits to jobseekers; and
- (6) implementing all actions entrusted to it by the State, local and regional government and the Issuer of relevance to its mission.

Pôle emploi collected contributions as a transitional measure; this task is now handed over to the urssaf (see above).

The Issuer prescribes the rules concerning payment of unemployment benefit and any assistance negotiated by the social partners. The relevant instructions are transmitted to Pôle emploi for payment on the Issuer's behalf of benefits to jobseekers who have been subscribed to the unemployment insurance scheme.

The Issuer also defines, specifies and forwards the necessary instructions for collection of employers' and employees' contributions and participates in the implementation of other contractual mechanisms.

The Issuer ensures that Pôle emploi is compliant in fulfilling its instructions, pursuant to the tripartite, multi-year agreement signed between Unédic, the State and Pôle emploi on 18 December 2014¹⁴.

A new tripartite agreement was signed on 20 December 2019 for the purpose enabling the State and the Issuer to define Pôle emploi's strategic orientations for the upcoming years (2019-2022). The members of the Executive Committee have mandated the Unédic presidency to formalize and sign the amendment to extend the tripartite agreement. The State, Unédic and Pôle emploi executed an amendment in December 2022 in order to extend for one year, until 31 December 2023, the duration of the tripartite agreement signed on 20 December 2019, initially due to expire on 31 December 2022.

These orientations respond to a strong desire on the part of the State, Unédic and the social partners to accelerate company recruitments and to promote jobseekers' access to sustainable employment by responding more reactively to their needs and by focusing on skills development in order to prevent sustained absence from the job market and recurring unemployment. Three strategic orientations were therefore defined for Pôle emploi in this framework:

- accelerate and facilitate jobseekers' return to sustainable employment by adapting the personalisation and intensity of support initiatives to the needs of each individual through his/her career path;
- fight more effectively against companies' difficulties with recruitment by responding in a personalised and reactive way to companies' needs, and in particular small and medium sized companies (VSE-SME); and
- developing and promoting jobseekers' skills and qualifications in order to foster recruitments, notably by offering more relevant, more personalised, more comprehensible and more rapidly accessible training.

In addition, the Issuer is the main contributor to Pôle emploi's budget, with funding of 10% of the contributions received up to 2019 (3.521 billion in 2019), 11% of the contributions received since 2020 (4.3 billion in 2021 and 3.9 billion in 2022)¹⁵. Decree no 2019-797 of 26 July 2019 relating to the unemployment insurance system increased this contribution by one point (increased to 11%) for the purpose of enhancing the support provided to jobseekers.

(C) The Issuer and the regional joint bodies

Article L. 5312-10 of the French *Code du Travail*, in its drafting as arising pursuant to Act No. 2008-126 of 13 February 2008 reforming the organisation of the public employment service, institutes regional joint bodies within the regional management entities of Pôle emploi. Those bodies have the following missions:

- (1) Delivering an opinion on programming of Pôle emploi action at the relevant territorial level; and
- (2) Overseeing the implementation of the unemployment insurance agreement.

The multi-year agreement provided in Article L. 5312-3 of the French *Code du Travail*, signed between the State, Unédic and Pôle emploi on 18 December 2014 provides for the regional joint bodies to exercise a role of alerting the Issuer as part of their remit of overseeing due implementation of the unemployment insurance agreement. Moreover, the regional joint bodies may consult the Unédic technical services "*in the event of difficulty in interpreting the unemployment insurance regulations and of its implementing agreements*".

The regional joint bodies, regarded as the local or regional arm of the social partners managing the unemployment insurance scheme, had their terms of reference specified by the agreements of 19 February 2009, 6 May 2011 and 14 May 2014 (as amended) concerning unemployment benefit and their implementing instruments. The regional joint bodies are thus partly substituted for the joint boards (commissions paritaires) and local offices of the Assédic unemployment benefit agencies.

¹² Art L. 5312-3 *Code du Travail*

¹⁵ Art. L. 5312-7 and L. 5422-24 of the Labour Code

The Issuer coordinates the action of the regional joint bodies, supporting and advising them in the fulfilment of their mission.

Subsidiaries of the Issuer

The Issuer does not own any subsidiary.

Administrative and management bodies

Description & composition of the Issuer's administration and management bodies

The Issuer is a jointly managed institution featuring equal representation on its management bodies between the representatives of national organisations representing employers and the representations of inter-industry organisations representing employees. It is administered by a Board of Directors and an Executive Committee. The Issuer's general management functions are performed by a Managing Director.

A. Description of the Issuer's administration and management bodies

(1) The Board of Directors

The Board of Directors has joint and even-handed representation of a panel of employers and a panel of employees each consisting of twenty-five (25) representatives.

The panel of employers is composed of the *Mouvement des Entreprises de France* (MEDEF), the *Confédération des PME* (CPME) and the *Union des entreprises de proximité* (U2P).

The employees' panel is composed of the Confédération Française Démocratique du Travail (CFDT), the Confédération Française de l'Encadrement - Confédération Générale des Cadres (CFE-CGC), the Confédération Française des Travailleurs Chrétiens (CFTC), the Confédération Générale du Travail (CGT), and the Confédération Générale du Travail - Force Ouvrière (CGT-FO).

The Board of Directors enjoys the widest powers for operations in keeping with the Issuer's corporate object. In particular, it may draw up all internal regulations for implementing the issuer's articles of association, make any amendments to the articles of association, enforce those articles of association and regulations in particular cases that may arise, manage the resources of the Association and any fund to aid workers deprived of employment. The Board of Directors, pursuant to the Articles and Memorandum of Association, also performs the duties ordinarily incumbent on the General Meetings.

(2) The Executive Committee

It is chaired in the framework of alternating 2-year terms by a representative of the national employers' organisations and the representation of the employees' national trade union organisations.

The Chairman, failing whom a second or a third Deputy Chairman belonging to the same panel, ensures the smooth running of the Issuer, in accordance with the articles of association and its regulations and chairs the meetings of the Executive Committee and the Board of Directors, signs all the instruments, deliberations or agreements and represents the Issuer before the courts and in the acts of civil society.

The Executive Committee takes all the measures necessary for the smooth running of the Issuer's administrative affairs, sees to the due dispatch of its ordinary business, exercises any powers delegated to it by the Board of Directors and appoints the Managing Director.

(3) The Managing Director

The Issuer's Managing Director, appointed by the Executive Committee, is in charge of the proper operation of the Issuer's services. He performs his duties and represents the Issuer under powers delegated to him by the Executive Committee. He concludes collective labour agreements for application to all categories of staff covered by the unemployment insurance scheme and chairs the meetings of the staff representative bodies.

Significant information extracted from the issuer's provisional financial statements

The Issuer does not draw provisional financial statements.

Significant changes in the Issuer's financial or commercial situation

With the exception of what is set out in the Information Memorandum, there has been no change in the Issuer's financial situation since 31 December 2022 of significance for the issue of the Notes. It should nevertheless be recalled that, in France, the Issuer is a unique institution responsible for managing the unemployment insurance scheme. Consequently, the Issuer is permanently affected by national and even international macroeconomic trends. The Issuer is directly affected by French general economic trends. Since 31 December 2022 (the date of its latest audited and published financial statements), the trends affecting the Issuer were as follows:

- a stable unemployment rate in the first trimester of 2023 at 7.1% (after 7.1% at the end of 2022 and 7.4% at the end of 2021) (INSEE data, May 2023, France as a whole) and a decrease in the number of job seekers (categories A, B, C, D, E) by 111,000 people between the end of 2022 and May 2023, mainly reflecting the decline in the number of end-of-month jobseekers in category A (DEFM A) at -191,000 people Pôle emploi data, May 2023, all France);
- the economic growth rate, +2.5% in France in 2022, after 6.4% in 2021 (INSEE data, May 2023), and hence decrease in the amount of contributions paid to the Issuer.
- finance for supplementary needs generated by these developments, which required:
 - (i) maintaining the Issuer's *Titres Négociables à Court Terme* (Short-Term Negotiable Notes) programme (details of applications at 31 December 2022 shown hereunder), which is capped at 18 billion euros (pursuant to the decisions of the Issuer's Board of Directors on 27 June 2023);
 - (ii) maintaining the Issuer's *Titres Négociables à Moyen Terme* (formerly called *bons à moyen term négociables*) (Medium-Term Negotiable Notes) programme (details of applications at 31 December 2022 shown hereunder), it being specified that during the meeting held on 27 June 2023, the Issuer's Board of Directors confirmed the limit on this amount to be 10 billion euros;
 - (iii) bonds issues issued under the Programme (cf. paragraph "Significant agreements").

RECENT DEVELOPMENTS

At various meetings of the Executive Committee held during the year 2020 and 2022, the members of the Executive Committee presented the regulatory and operating measures taken in the context of Covid-19 (wage-subsidies, exceptional extension measures for the payment of the ARE, deferral of the payments of contributions) and the effects of such measures on the financing of the unemployment insurance scheme.

At a meeting held on 13 June 2023, the members of the Executive Committee presented latest financial forecasts of the unemployment insurance system for 2023-2025. In 2022, the economy profited from the momentum of the recovery from the health crisis observed in 2021. Driven by this momentum, GDP growth in 2022 was +2.6% on average over the whole year. GDP no longer benefits from this momentum. Its growth is weakened by the inflation unprecedented in the latest decades, therefore, GDP is expected to grow by only +0.6% in 2023 and + 0.9% in 2024. According to the Economists' Consensus of 12 May 2023, the economy should be on a steadier recovery path by 2025 and growth is expected to reach +1.6%.

Given the geopolitical uncertainties, this scenario remains subject to significant risks, in particular the uncertainties surrounding the effects on activity of the tightening of monetary policy led by the ECB to bring the level of inflation towards its target of 2% in the medium term.

In deficit every year since 2009, Unédic's financial scheme has deteriorated sharply in 2020 and to a lesser extent in 2021 due to the health crisis. The end of the emergency measures, as well as the economic and regulatory factors detailed above, allowed the scheme to return to positive territory from 2022 with a balance of +€4.3 billion.

In 2023, revenue is forecast to increase slightly more than expenditure, leading to a slight increase in Unédic's balance of finances to +€4.4 billion, which is therefore expected to remain in positive territory despite a very uncertain economic context. In 2024, the good performance of contributions is expected to maintain a positive balance of +€5.4 billion. The acceleration of job creation and the ramp-up of unemployment insurance reforms is expected to result in a significant increase in the balance which is expected to reach +€8.7 billion.

The deterioration of -17.4 billion euros of the financial balance in 2020, related to an economic shock of unprecedented magnitude in the history of the unemployment insurance system due to the Covid-19 pandemic, brought the debt to 54.6 billion euros at the end of 2020. The new deterioration of -9.3 billion euros in 2021, brought the debt to 63.6 billion euros at the end of 2021. The scheme's debt, which stood at €36.8 billion in late 2019, then at €63.6 billion in late 2021, began a reduction trajectory as early as 2022. It showed a significant reduction in 2022 to reach a net debt of €60.7 billion. Given that Unédic's balance of finances is expected to remain in positive territory in 2023 until 2025, the unemployment insurance scheme is expected on a deleveraging trajectory. Indeed, debt is expected to decrease to €56.3 billion at the end of 2023, €51.0 billion at the end of 2024 and €42.3 billion at the end of 2025.

Unedic assumes the following growth forecasts produced by the Economists' Consensus, published each month. The current forecast is based on the last publication of the Economists' Consensus of 12 May 2023, it being precised that it does not take into account the impact of the pension reform, enacted by the Amending Social Security Funding Act for 2023 dated 14 April 2023 (to enter into force as of 1 September 2023).

This amount may be reassessed as appropriate, depending on the measures that may be taken by the public authorities in light of the evolution of the economic situation (war in Ukraine, higher energy and raw material prices, inflation, supply constraints, new variant, geopolitical environment), it being understood that the updating of such estimates will be undertaken by the Issuer in the framework of its forecasting work as the manager of the unemployment insurance system.

For more information, the different memorandums from the Issuer's Executive Committee on the effects of Covid-19 on the unemployment insurance system and more generally on the financial situation of the unemployment insurance system are available on the Issuer's website. DESCRIPTION OF THE GUARANTEE

Pursuant to Article 150 of 2023 budget law no. 2022-1726 dated 30 December 2022, the borrowings (principal and interest) subscribed by the Issuer in 2023 may benefit from the guarantee of French State, up to an aggregate limit of €1 billion in principal, as was the case with the guarantees granted by the French state to the borrowings subscribed by the Issuer in 2021 (€13 billion) and 2022 (€4 billion).

The Final Terms prepared in respect of any issue of Notes will specify whether or not the Notes will benefit from the guarantee of the French State (the “**Guarantee**”), under the terms described in "Description of the Guarantee" and in the relevant Final Terms.

Pursuant to Article 150 of the above-mentioned law, the Guarantee was granted in respect of the bonds that will be issued by Unédic in 2023 within the context of the Programme in 2023, subject to a maximum overall amount of €1 billion in principal (plus all interest and related expenses), pursuant to an order of the Minister of the Economy, Finance and Industrial and Digital Sovereignty dated 13 February 2023.

In respect of this Guarantee if the Issuer does not fulfil its obligations to repay the principal or pay any amount of interest due in respect of the Notes, the French State will fulfil these repayment and payment obligations on first demand as they become due.

The obligations of the French State under the Guarantee will rank *pari passu* with present, future, direct, unconditional, unsubordinated and unsecured obligations of the French State.

Pursuant to Article 1 of law no. 68-1250 dated 31 December 1968 on prescription periods including those relating to claims on the French State, any demand for payment by the French State, and therefore including demands for payments pursuant to the guarantee, is extinguished following a period of four years as from the 1st of January in the year following the date on which the guaranteed amounts become due. Under French law at the date of this Information Memorandum, the French State's assets cannot be subject to execution or other enforcement proceedings of private law in France.

The Issuer will pay each relevant Dealer a commission as agreed between them in respect of Notes subscribed by it, unless otherwise agreed. The Issuer shall agree to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Dealer Agreement (*Contrat de Placement*) shall entitle the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the Issuer.

Selling restrictions

General

These selling restrictions may be modified by the agreement of the Issuer and the Dealers in particular following a change in a relevant law, regulation or directive. Any such modification will be the subject of an update to this Information Memorandum.

Each Dealer shall agree to comply with all relevant laws, regulations and directives in each jurisdiction in which it purchases, offers, sells or delivers Notes or has in its possession or distributes the Information Memorandum, any other offering material or any Final Terms and neither the Issuer nor any Dealer shall be liable for another Dealer's actions.

European Economic Area

Each Dealer must represent and warrant that it has not offered, sold or otherwise made available the Notes to investors other than qualified investors as defined in Regulation (EU) n°2017/1129 (the "Prospectus Regulation"), it being specified that, without prejudice to applicable laws and regulations of any Member State, in accordance with Article 1.2 d) and 1.2 e) of the Prospectus Regulation, the Issuer is not subject to the requirements relating to the setting up, approval and publication of a prospectus provided for in the Prospectus Regulation.

United Kingdom

- (a) in relation to any Notes which have a maturity of less than one (1) year, (a) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business and (b) it has not offered or sold and will not offer or sell any Notes other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or as agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses where the issue of the Notes would otherwise constitute a contravention of Section 19 of the Financial Services and Markets Act 2000 (the "FSMA") by the Issuer;
- (b) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which the provisions of Section 21(1) of the FSMA do not apply to the Issuer; and
- (c) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom.

Each Dealer shall agree, except as permitted by the Dealer Agreement, it will not offer nor sell Notes of any identifiable Tranche within the United States or within its possessions, or to, or for the account or benefit of U.S. Persons (i) as part of their distribution at any time or (ii) otherwise until forty (40) days after completion of the distribution of such Tranche as determined, and certified to the Issuer, by the Fiscal Agent, or in the case of Notes issued on a syndicated basis, the Lead Manager. Terms used in this paragraph have the meanings given to them by Regulation S.

The Notes are being offered and sold outside the United States to non-U.S. persons in reliance on Regulation S. In addition, until forty (40) days after the commencement of the offering of any identifiable Tranche of Notes, an offer or sale of Notes within the United States by any Dealer (whether or not participating in the offering of such Tranche of Notes) may violate the registration requirements of the Securities Act.

The Issuer and the Dealers shall reserve the right to reject any offer to purchase the Notes, in whole or in part, for any reason.
